## **MINUTES**

Potential Quorum Notice - Osmundsen Road Traffic Calming Committee  
City Hall - Conference Room 303  
April 08, 2024  
10:00 AM

In attendance: Noah Sunderman, David Rizzo, Susan Easterday, Jay Hochmuth, Kathleen Lake, Captain Edward Hartwick, Transportation Engineer Ross Kahler, Alder Bill Jetzer

Absent: Ivan Rayment

### **Meeting Summary**

A presentation with discussion was given by Transportation Engineer Ross Kahler. Topics covered included the steps of the Traffic Management Process, the goals of the Traffic Calming Committee, the speed study that was done on Osmundsen Road, and the physical characteristics of Osmundsen Road.

The presentation included information on safety issues including speeding, pedestrian safety, and stop signs. Committee members raised other concerns including pedestrian safety on curves, the transition from McKee Road to Osmundsen Road for both speeding and pedestrian safety, violation of the stop sign at Osmundsen Road and Schumann Drive, and the configuration of the stop signs at the intersection of Devoro Road and Osmundsen Road.

Additionally, the presentation and discussion covered potential solutions, including speed humps, curb bump-outs, road diets, lane width, pedestrian separation from vehicles, speed differentials, pedestrian visibility at intersections, and enhanced stop sign visibility.

Committee members were asked to use the information available on the Fitchburg website and other research to bring additional proposals for traffic calming to the next meeting, which will be held on April 22, 2024 at 10 AM in Conference Room 303 at City Hall, 5520 Lacy Road, Fitchburg, WI 53711.
