

City of Fitchburg
 Planning/Zoning Department
 5520 Lacy Road
 Fitchburg, WI 53711
 (608-270-4200)

REZONING APPLICATION

The undersigned owner, or owner's authorized agent, of property herein described hereby petitions to amend the zoning district map of the Fitchburg zoning ordinance by reclassifying from the PDD-GIP district to the PDD-SIP district the following described property:

1. **Location of Property/Street Address:** East Cheryl and Big Blue Stem Parkways, Sassafras and Crinkle Root Drives

Legal Description - (Metes & Bounds, or Lot No. And Plat):

Lot 1 of CSM 13827

***Also submit in electronic format (MS WORD or plain text) by email to: planning@fitchburgwi.gov

2. **Proposed Use of Property - Explanation of Request:**

Planned Development District (PDD) Specific Implementation Plan (SIP) with sixty (60) residential dwelling units, comprised of 52 detached single-family homes and 8 dwelling units in four (4) two-family duplex buildings. The total unit count for the project is 60.

3. **Proposed Development Schedule:** Site work construction to commence in 2024 following governmental approvals.

***Pursuant to Section 22-3(b) of the Fitchburg Zoning Ordinance, all Rezoning shall be consistent with the currently adopted City of Fitchburg Comprehensive Plan.

***Attach three (3) copies of a site plan which shows any proposed land divisions, plus vehicular access points and the location and size of all existing and proposed structures and parking areas. Two (2) of the three (3) copies shall be no larger than 11" x 17". Submit one (1) electronic pdf document of the entire submittal to planning@fitchburgwi.gov. Additional information may be requested.

Type of Residential Development (If Applicable): Single-Family and Two-Family Residential housing.

Total Dwelling Units Proposed: 60 **No. Of Parking Stalls:** 120 garages, 120 driveways

Type of Non-residential Development (If Applicable): NA

Proposed Hours of Operation: NA **No. Of Employees:** NA

Floor Area: NA **No. Of Parking Stalls:** NA

Sewer: Municipal Private **Water:** Municipal Private

Current Owner of Property: IP Holdings, LLC

Address: 5210 Siggelkow Road, Madison, WI 53718 **Phone No:** (608) 220-6129

Contact Person: Fredric A. DeVillers

Email: fred@forward-development.com

Address: same **Phone No:** same

Respectfully Submitted By:  **Fredric A. DeVillers**
 Owner's or Authorized Agent's Signature Print Owner's or Authorized Agent's Name

PLEASE NOTE - Applicants shall be responsible for legal or outside consultant costs incurred by the City. Submissions shall be made at least four (4) weeks prior to desired plan commission meeting.

For City Use Only: Date Received: _____ **Publish:** _____ and _____

Ordinance Section No. _____ **Fee Paid:** _____

Permit Request No. _____

May 21, 2024
Specific Implementation Plan (SIP)
Lot 1 of CSM 13827

Introduction:

Lot 1 of CSM 13827 was originally approved for Planned Development – General Implementation Plan (PDD-GIP) zoning in 2002. The Comprehensive Plan and PDD-GIP were amended in August 2013 amending this lot from (HDR) High Density Residential to the current (MDR) Medium Density Residential.

In 2015, an amendment to the GIP was approved as well as a Specific Implementation Plan (SIP). The proposed use of the site has changed since 2015. Instead of amending the nearly 20-year-old GIP, a new GIP was submitted in June 2021. Due to economic factors associated with the COVID-19 pandemic, the GIP and SIP approved in 2021 did not get constructed. This submittal reflects a revised land use program. Associated with the current proposed land use, Resolution R-40-24, Plan Commission Resolution PCR-01-24 and Ordinance 2024-O-03, all dated February 20, 2024, were approved by Common Council on April 9, 2024, thus amending this lot from (MDR) Medium Density Residential back to the previous (HDR) High Density Residential land use to allow for the development of sixty (60) units.

A PDD-GIP project narrative and accompanying documents were submitted on Tuesday, April 23, 2024, for Plan Commission review and recommendation on Tuesday, May 21, 2024, with a scheduled Common Council meeting to consider action on Tuesday, May 28, 2024. This PDD-SIP

Project Development Plan

The site will be developed as a land condominium project with two (2) housing types including owner-occupied single family and two-family dwelling structures. The project is designed to provide lower cost housing. As such, market acceptance should be realized, positively influencing home sales absorption. The anticipated schedule for site infrastructure followed by lot sales to home builders is to begin in summer 2024, with completion dependent on market absorption, but anticipated in 2026.

Enclosed is the civil engineering plan set including the following:

- 1) Site Location Map
- 2) Existing Conditions Plan
- 3) Site Plan
- 4) Grading Plan
- 5) Utility Plan
- 6) Plan and Profile Plans
- 7) Details

Also enclosed are the following:

- 1) Condominium Plat.
- 2) Utilities Easements Exhibits, both public and private.
- 3) Landscaping plans for the entire project site as well as detailed plans for the individual building types and the plant schedule.

Upon receiving the SIP approval, the underground utilities, mass grading and the roadway will be constructed, including the asphaltic binder course being paved with the finish course completed later following building construction. The site will be stabilized with seed and mulch and detailed landscape plantings will be installed with the construction of each building.

Consistency with the Comprehensive Development Plan

This proposed development remains consistent with the recently approved HDR land use per the amended Comprehensive Development Plan for this site. It should be noted that although the total unit count has been revised to sixty (60), the overall bedroom count between the prior project’s site plan of 202 versus the current project’s anticipated bedroom count of 180 for a reduction of an anticipated 22 bedrooms overall. The currently proposed project plan also includes more affordable housing types (i.e., duplexes) as well as less expensive single-family homes due to the purposefully designed more narrow lot widths. The proposed buildings have an architectural mass that is less than the neighboring apartments to the east, the larger row townhomes to the south as well as the duplexes to the north.

Project Analysis

Site Planning Considerations

The building layout has been carefully considered to work with the site’s existing topography instead of against the site’s natural features. The duplexes have been located along the east side of the property to provide for a transitional architectural massing between the 3-story apartments to the east and the single-family houses within the project site.

The total unit count is 60, summarized as follows:

Single Family	52
<u>Duplex</u>	<u>8</u>
Total	60

The single-family units are anticipated to be 3-bedroom, 2 ½ bathroom, 2-car garage units with the typical common areas(i.e., kitchen, storage, closets, living, laundry, etc.). The duplex units are also anticipated to be the typical 3-bedroom, 2 ½ bathroom, 2-car garage units with the requisite common areas.

The internal private drive has been designed with a vertical profile that reflects the natural grades of the site, as well as geometrics allowing the safe travel of pedestrians and vehicles to access all the buildings. The design of the meandering internal private drive allows the open space within the interior of the site, thus resulting in a more favorable site design, creating a much more aesthetically appealing community.

The applicant does not intend on developing the single family or two-family dwelling structures but will be selling the land units to residential builders. The design intent for the dwelling units is to be comparable to and complement the surrounding buildings as well as the existing housing within the subdivision. As such, building materials (brick or stone masonry, vinyl siding, architectural asphalt shingles, white trim, and fascia, etc.) and colors shall be similar and complementary. Acceptable architectural styles shall be Craftsman, Prairie, Colonial or similar.

All building faces of the dwelling structures adjacent to the public streets are parallel to the property line which is parallel to the public streets. The garages of the dwelling structures adjacent to Crinkle Root Drive, E. Cheryl Parkway and Big Bluestem Parkway all face the private roadway within the interior of the project site.

Protective covenants are drafted to provide guidance for the design of the dwelling units such that they complement the surrounding architecture and will include horizontal profile siding, masonry accents at the foundation on the public street elevations, architectural shingles, and various siding trim boards to separate dissimilar siding patterns.

Neighborhood Context

Adjacent land uses include:

Duplexes to the north

Townhomes to the south

Multi-family to the east

Natural and man-made features

The project area has no natural or man-made features. Prior to the Swan Creek development being constructed, the area was a farm field. The block was seeded with lawn type vegetation with the original development. Since then, fast-growing low-quality, invasive species trees and undergrowth have established on the site. However, they have recently been removed to prepare the site for topographic studies to aid in the mass grading design.

Vehicle, Pedestrian and Bike Circulation

The project site is surrounded by public streets, sidewalks and neighborhood pedestrian and bike trails. Within the site, each building will have private sidewalk connections to the public sidewalks.

Parking and Building Occupancies

On-site parking will consist of 120 covered garage stalls and 120 surface stalls within the driveways associated with each housing unit. On-site parking demand was evaluated based on the anticipated needs of the residents of the single-family and duplexes units as well as their anticipated guests.

Landscaping

Landscaping plans for the entire project site as well as detailed plans for the building types and configurations and the plant schedule are included in this submittal. The landscaping was designed to meet all City of Fitchburg requirements and includes various species of canopy shade, ornamental, and evergreen trees, as well as deciduous shrubs, all Wisconsin native species.

Site Lighting

All the buildings will be designed to include the typical coach light fixtures on either side of the overhead garage door, as well as the front entries. Site lighting will include traditional style streetlights spaced to reflect the proposed 20-foot pole height.

Specific Implementation Plan

We request the approval of this Planned Development District to reflect the unique site vehicular and pedestrian circulation, aesthetically designed landscaping, parking, types, size, uses, and location of the various housing structures, utility plan, grading plan, use of open spaces, and other land use features as described in the attached supporting documents. The site plan represents a maximum dwelling unit count of 60 units, as previously approved. Site development statistics are enclosed; see Table 1-A.

PDD-SIP Development Parameters:

- Front Building Setback: 10 feet from site perimeter property line adjacent to surrounding public streets.
- Maximum Project Site ISR: 54%; impervious surface area as designed is: 45.7%.
- Minimum Project Site Open Space: 30%; pervious open space as designed is 54.3%.

Zoning Requirements and Building Architecture

Protective covenants will be drafted to accompany the Declaration of Condominium to provide guidelines for the site planning and the architectural design for each of the single-family and duplex buildings. The protective covenants drafted for the Inspiration at Swan Creek housing units will reflect the protective covenants recorded for the single-family residential lots within the Swan Creek neighborhood to maintain a consistent and complimentary architectural theme. Examples of representative exterior elevations of the front of the single-family residential homes fronting the surrounding public streets are exhibited herein. Land uses allowed on the land condominium units (i.e., the “lots”) will be limited to single-family and two-family dwelling unit structures as depicted in Exhibit A, Development Programming Site Plan. Front and rear building set back lines are exhibited on the final Condominium Plat. Side yard building set back distances will be dictated by SPS 321.08 Fire separation and dwelling unit separation with a minimum of three (3) feet from the land condominium property lines, also exhibited on the Condominium Plat. Each pair of duplex units within a duplex building will be considered a zero-property line scenario.

Standards of the PDD-SIP Ordinance will be detailed in a drafted and recorded Declaration of Protective Covenants for the Inspiration at Swan Creek development and shall include but are not limited to the following:

1. Allowable uses shall include single-family and two-family residential dwelling unit structures. Ancillary uses shall include the following:
 - a. Limited vocational activities. Residential occupancy also includes limited vocational (household occupations) activities. Permits are not required prior to engaging in such activities, but the following standards apply:
 - i. The activity must be clearly secondary and incidental to residential use.
 - ii. The activity must not significantly alter the residential character of the dwelling unit, dwelling structure, or the parcel.
 - iii. The activity must not unreasonably interfere with residential occupancy of other parcels in the neighborhood.
 - iv. The activity must not create environmental, safety or health hazards such as noise, light, odors, vibrations, electrical emissions, or other fire or safety hazards that are noticeably out of character with those produced by normal residential occupancy.
 - v. Traffic generated by the vocational activity may not exceed that which is customary to residential occupancies in the neighborhood.
 - vi. Signage for the vocational activity is not allowed.
 - vii. The parcel and structure must contain adequate area to accommodate the vocational activity without interfering with residential occupancy of other parcels in the neighborhood.
 - viii. Garage sales as a type of vocational activity are allowable in all residential districts provided that not more than two are held on a single premises per year and that each such sale shall not exceed four days in duration.

- ix. Day care is allowable as a vocational activity within a residential premises. Conditional use approval will be required, however, if Wis. Stats. § 66.1017 apply. (See section 22-220.)
- b. Residential accessory developments and occupancies, pursuant to City of Fitchburg Code of Ordinances section 22-56.

Accessory occupancies, special standards, and lot and / or structure improvements that are allowed are as follows:

1. Gardens and landscape features (walks, steps, railing, terraces, trellises, birdfeeders/baths, swing sets, sandboxes, sprinkler systems, landscape lighting, etc.).
 - a. Terraces, trellises, swing sets and other children's play structures, sandboxes and other outdoor recreational structures or equipment shall be submitted to the Architectural Review Committee (ARC) for review and approval prior to installation.
 - b. Compost storage and clothes lines or structures are not permitted.
 - c. Retaining walls shall be setback at least one foot from the property line.
 - d. Solid walls that extend three feet or more above the ground for three or more feet of their length can be no closer than two feet to any lot line.
2. Window wells.
 - a. Small window wells no greater than 18 inches from the foundation and no more than three feet along the foundation are exempt from these standards.
 - b. A window well may encroach up to a maximum of three feet into the required rear yard and may encroach up to a maximum of two feet into a required side yard.
 - c. Not more than one window well shall be permitted to encroach into each of the rear or side yards.
3. Driveways cannot be closer than two feet to a side or rear lot line unless such driveway is jointly used by the adjoining landowners pursuant to an express recorded easement or other recorded document evidencing the same. Driveways must be concrete.
4. Parking spaces that are in locations other than in a driveway cannot be directly in front of a dwelling structure on the front side of the lot, or between the side of the house and the street on a corner lot, or in the front setback except in the driveway. A driveway is an actively used private way and shall not be more than two lanes in width in any part of the lot except for the direct path from the garage or primary parking space to the street. Parking spaces shall not be closer than two feet from the side or rear lot lines.
5. Patios and decks at ground level or at a floor level shall be no more than four feet above ground level at any point under the deck. Decks at greater height are considered part of the structure and may not intrude into setback areas. For detached gazebos or screen enclosures, maximum lot coverage rules apply. There shall be a ten-foot minimum separation measured in from any side (or the side yard setback of the subject property's zoning district, whichever is lesser) or rear lot line to the edge or side of the facility unless the applicant has obtained a signed and notarized affidavit of consent to run with the land from the owner(s) of record of the neighboring properties identifying a closer distance, and has recorded this against both parcels in the register of deeds office and with the city zoning administrator.
6. Air conditioning equipment, heat pumps, roof mounted antenna and TV dishes. Height limits for the district apply. Such equipment shall not be located within ten (10) feet of or forward of the

front faces of the principal structure and shall be located at least four feet from side and rear property lines. Any object that has potential for safety, or attractive nuisance problems must, at the discretion of the zoning administrator, be security fenced. Noise levels may not exceed 65 dB at the lot line.

7. Dogs and cats.
8. Domesticated animals, other than dogs and cats, with a maximum weight of less than 10 pounds. Animals residing within the project shall be limited to indoor, domesticated pets or those animals that reside within a cage or tank (ex.: birds or fish).

Accessory occupancies, special standards, and lot and / or structure improvements that are not allowed are as follows:

1. Detached garages, carports, and storage buildings are not allowed.
2. Storage buildings, sheds, enclosures, pet houses, runs, etc. are not allowed.
3. Solid surface sports and play areas and swimming pools are not allowed.
4. Fences are not allowed.
5. Earth station dish antennas are not allowed.
6. No animal husbandry is allowed.

Conditional uses that are allowed are as follows:

1. Dependency living arrangements which allow a dwelling structure to have two complete dwelling units (that is, two units individually contained, each having its own bathroom, kitchen, sleeping and other areas), where one of the two units is not larger than 750 square feet in floor area. One of the two dwelling units within this structure shall be owner occupied, except for periods of bona fide temporary absences, while the other dwelling unit shall be occupied by either the care provider or the dependent person. There shall not be separate direct entrances for each dwelling unit on the front of the building unless this prohibits handicapped access. There shall also be at least one interior doorway connecting the two dwelling units.
2. Family day care as defined under to City of Fitchburg Code of Ordinances section 22-220.

Dimensional standards are as follows:

1. Minimum lot area per dwelling unit: 2,000 square feet.
2. Minimum lot width: 25 feet.
3. Minimum front setback (home sites 1 – 30, 51 – 60, facing public streets; Sassafras, Crinkle Root, E. Cheryl, Big Bluestem): 10 feet, including an open-air front porch with only railings and support posts. Stairs or stoops without foundations may protrude to within 10 feet of the front lot line.
4. Minimum front setback, home sites 31 – 50, facing private road (Inspiration Way): 17 feet.
5. Minimum side setback, single family residential structures: Per SPS 321.08 Fire separation and dwelling unit separation with a minimum of 3 feet from the land condominium side property lines.
6. Minimum side setback, two-family residential structures: zero property line within building; 3 feet minimum from outside façade of building to property line.
7. Minimum street side setback (corner homes sites 1, 30, 31, 50): 10 feet.

8. Minimum rear setback, facing private road, home sites 1 - 30: 17 feet.
9. Minimum rear setback, home sites 31 – 50: 15 feet.
10. Minimum rear setback, home sites 51 – 60: 20 feet.
11. Maximum height of structures: two (2) stories.
12. Minimum Roof Pitch: 3:12
13. Maximum Roof Pitch: 12:12.
14. Maximum lot area coverage and buildings: 65 percent.
15. A single-family dwelling structure with a dependency living arrangement is required to meet the same dimensional standards as a single-family dwelling structure without a dependency living arrangement.

Project site design standards are as follows:

1. Maximum Impervious Surface ratio (ISR): 54%
2. Minimum Open Space (pervious surface): 30%
3. Vehicle parking ratio: 4 stalls per unit (2 covered with garage, 2 uncovered in driveway)

Infrastructure

Site Plan

The site plan included within exhibits the alignment of Inspiration Way, the private drive that serves all the driveways for dwelling units on home sites 1-50. The building footprints for single-family and two-family dwelling structures are included.

Grading Plan

Generally, the existing western two-thirds of the site slopes to the southwest while the eastern one third of the site slopes to the southeast. The proposed grading generally follows the existing slope direction. The grading plan is attached.

Utility Plan

The water main for the site is proposed to be public. The water main will be extended from the existing water main within Sassafras Drive near the west end of the site, extending along the internal roadway and then reconnecting to the water main within Sassafras near the east end of the project site. The sanitary sewer is proposed to be public and will connect to the existing sanitary sewer main within Sassafras Drive. The utility plan is attached.

Stormwater Management

Peak rate control and sediment control are provided by the Swan Creek regional stormwater management facilities. Infiltration will be provided on site, located in two (2) basins, one in the southeast corner of the site and the other in the southwest corner of the site.

Property Owners Association Structure

The site will be organized as a horizontal land condominium structure with sixty (60) units and three (3) common elements representing the areas for the roadway and utilities, as well as the infiltration basins. The duplex units' owners and the single-family units' owners will be members of the Homeowners Association organized to manage the ongoing maintenance of the site. There will be a Declaration of

Condominium document that discusses the operation of the Homeowners Association and the maintenance of the site improvements.

Project Management and Phasing

The site will be developed as a land condominium with a Homeowners Association organized to maintain the site's common infrastructure. Since the housing product is being developed on narrower land condominium units (i.e., the "lots"), and will be single-family and two-family dwelling structures, the sales prices are anticipated to be lower than the typical wide lot, front loaded single-family home. As such, the project is designed to provide lower cost housing for those that desire to live and pursue their professional endeavors in the City of Fitchburg. As such, market acceptance should be realized, positively influencing the absorption of the units. The anticipated schedule for site infrastructure improvements followed by building construction is to begin in summer 2024, with completion dependent on market absorption, but an anticipated final phase to be completed in 2026.

Neighborhood Outreach

A neighborhood meeting was coordinated with the Swan Creek Homeowners Association Board for Thursday, January 18, 2024. The meeting had approximately three dozen participants. Numerous participants asked questions but many of them were not associated with the actual project being proposed. City Planner and Zoning Administrator Deanna Schmidt, as well as Alder Jay Allen were in attendance and provided guidance on several of the attendees' inquiries. Much of the discussion during the neighborhood meeting was not relevant to the project since it did not reflect the land use or site planning. There was a comment about traffic on Sassafras and the existing invasive species of trees that were directly associated with the project. A traffic analysis has been performed, confirming that there will be no traffic volume issues. The rest of the discussion included an inquiry about a community pool, a grocery store, as well as discussion about the Veridian Uptown Crossing houses, apartments which are not being proposed, and home values.

Building Architecture

Examples of exterior single family residential building street fronting elevations taken from Fitchburg subdivisions recently completed as well as from Swan Creek:

Table 1-A
Site Development Statistics

PDD-GIP	Lot Area (S.F.)	Buildings			Bedrooms			Parking			Stalls Per Unit	Imp. Surf. Area (S.F.)	ISR	FAR	DU / AC
		# of Buildings	# of Stories	Total # of Units	Per Unit (b)	Units Per Bldg	Total	Enclosed	Surface	Total					
Lot 1 of CSM 13827															
Single Family Homes		60	2	60	3	1	180	120	120	240	4				
Total	257,241 (5.91 AC)	60	2 (a)	60	180	1	180	120	120	240	4.00	117,494	45.7%	NA	10.2

(a) The single-family residential buildings are anticipated to be 2 stories.

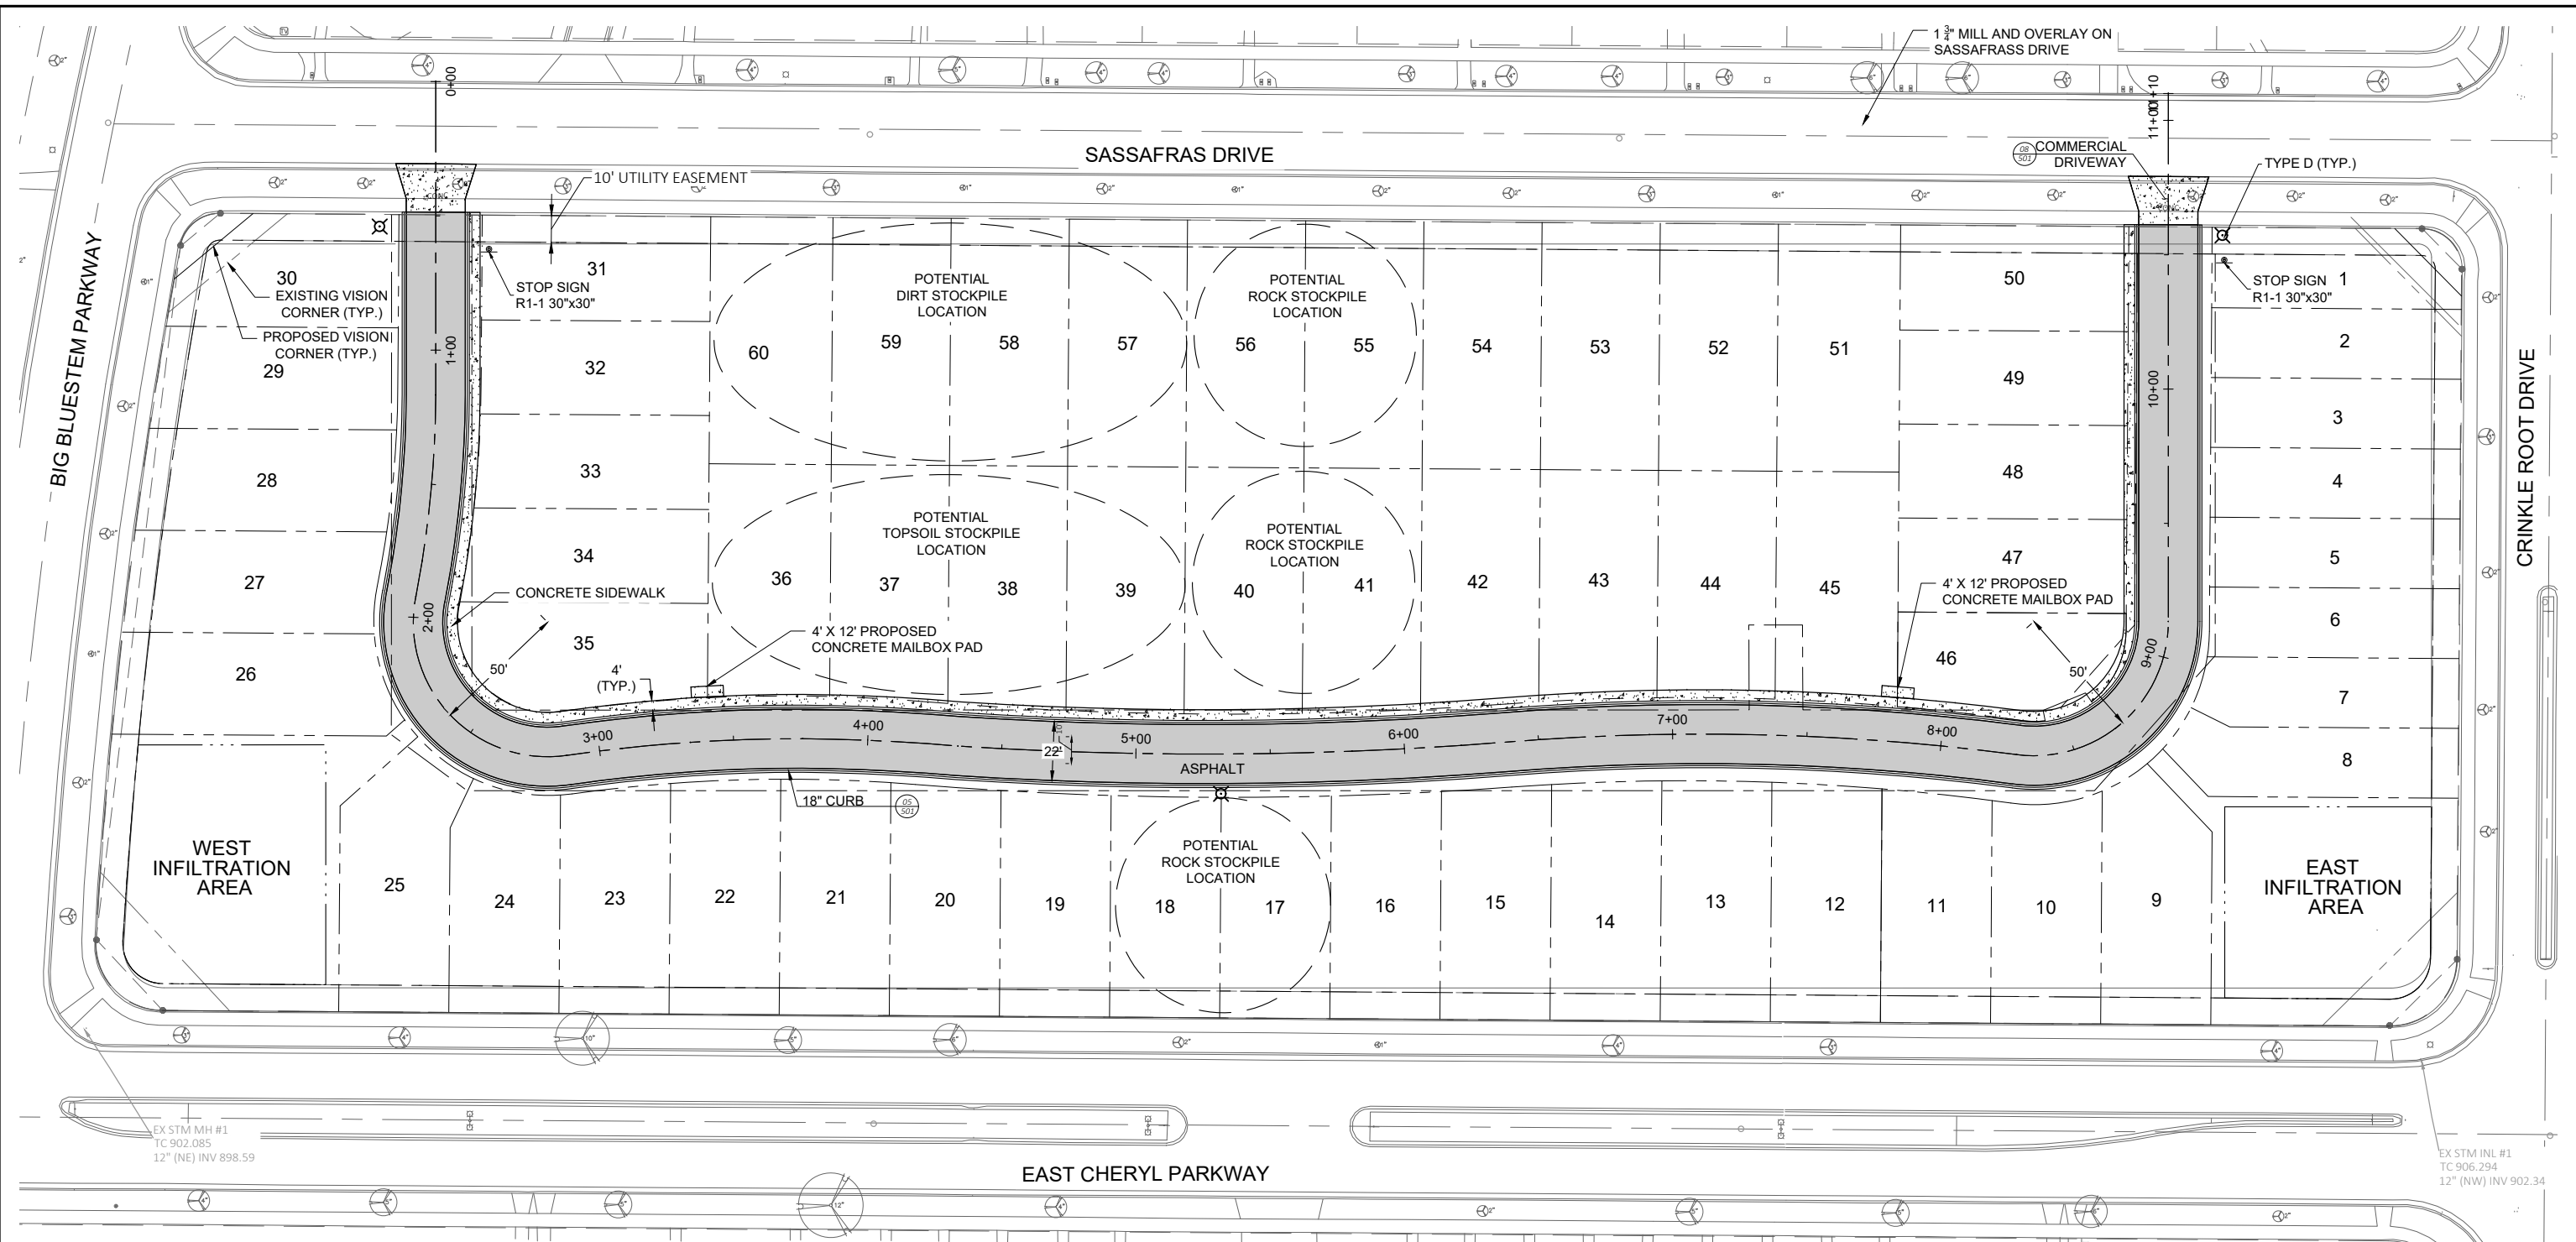

(b) Bedrooms per Unit is based on anticipated 3-bedroom homes being developed by home builders.

Exhibit A

Development Programming Site Plan

The site plan exhibited below has been updated since the version submitted with the Comprehensive Development Plan Minor Amendment on January 22, 2024. The home sites along SassafRAS Drive (51 to 60) have revised driveway layouts representing less asphalt pavement reducing the impervious surface and construction cost, providing lower cost to the homeowner. The proposed orientation of the homes has resulted in deeper rear yards creating a larger greenspace.

NOTES

1. ALL WORK IN THE RIGHT-OF-WAY AND COMMON ELEMENT FOR THE PRIVATE ROADWAY SHALL BE IN ACCORDANCE WITH THE CITY OF FITCHBURG STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION, LATEST ADDITION.
2. ALL DIMENSIONS ARE TO THE FACE OF CURB EXCEPT AS NOTED.
3. ALL RADII ARE TO THE FACE OF CURB.
4. ALL CURB AND GUTTER AND SIDEWALK REPLACEMENT AS REQUIRED BY THE CITY OF FITCHBURG INSPECTOR WITHIN THE ROW SHALL BE INSTALLED PER THE CITY OF FITCHBURG STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION, LATEST ADDITION.
5. SIGNS TO MEET MANUAL ON UNIFORM TRAFFIC CONTROL AS TO COLOR, LETTERING AND DIMENSIONS AND SHALL BE INSTALLED AT A HEIGHT OF SEVEN FEET.
6. PROVIDE SIDEWALK CONSTRUCTION JOINTS AT EVEN SPACING AT A DISTANCE APART EQUAL TO THE SIDEWALK WIDTH AND AS IS TYPICAL IN CONCRETE CONSTRUCTION.
7. A CITY OF FITCHBURG STREET OPENING PERMIT IS REQUIRED FOR ALL WORK WITHIN THE RIGHT OF WAY.

GENERAL NOTES

- EXISTING CONDITIONS SHOWN ARE FROM A SURVEY CONDUCTED BY BURSE ENGINEERING, INC., DATED 12/01/2014. MSA PROFESSIONALS INC. (MSA) TAKES NO RESPONSIBILITY FOR ACCURACY OF ANY EXISTING CONDITIONS ELEVATIONS OR BENCHMARKS. CONTRACTOR SHALL FIELD VERIFY EXISTING CONDITIONS.
- THE INFORMATION SHOWN ON THESE DRAWINGS CONCERNING TYPE AND LOCATION OF UNDERGROUND UTILITIES IS NOT GUARANTEED TO BE ACCURATE OR ALL INCLUSIVE. THE CONTRACTOR IS RESPONSIBLE FOR THEIR OWN

DETERMINATION AS TO THE TYPE AND LOCATION OF UNDERGROUND UTILITIES AS MAY BE NECESSARY TO AVOID DAMAGE THERETO. IF ADDITIONAL UTILITIES ARE KNOWN TO EXIST IN THE PROPERTY, THE OWNER WILL PROVIDE EXISTING PLANS OF OTHER UTILITIES SERVING THE SITE AND THE BUILDING THAT OTHERWISE CANNOT BE LOCATED BY A VISUAL INSPECTION OF THE PROPERTY OR OF WHICH THE SURVEYOR WOULD HAVE NO KNOWLEDGE.

3. ALL WORK IN THE RIGHT-OF-WAY SHALL BE IN ACCORDANCE WITH THE CITY OF FITCHBURG REQUIREMENTS.

- NOTES**
1. ALL WORK IN THE RIGHT-OF-WAY AND COMMON ELEMENT FOR THE PRIVATE ROADWAY SHALL BE IN ACCORDANCE WITH THE CITY OF FITCHBURG STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION, LATEST ADDITION.
 2. ALL DIMENSIONS ARE TO THE FACE OF CURB EXCEPT AS NOTED.
 3. ALL RADII ARE TO THE FACE OF CURB.
 4. ALL CURB AND GUTTER AND SIDEWALK REPLACEMENT AS REQUIRED BY THE CITY OF FITCHBURG INSPECTOR WITHIN THE ROW SHALL BE INSTALLED PER THE CITY OF FITCHBURG STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION, LATEST ADDITION.
 5. SIGNS TO MEET MANUAL ON UNIFORM TRAFFIC CONTROL AS TO COLOR, LETTERING AND DIMENSIONS AND SHALL BE INSTALLED AT A HEIGHT OF SEVEN FEET.
 6. PROVIDE SIDEWALK CONSTRUCTION JOINTS AT EVEN SPACING AT A DISTANCE APART EQUAL TO THE SIDEWALK WIDTH AND AS IS TYPICAL IN CONCRETE CONSTRUCTION.
 7. A CITY OF FITCHBURG STREET OPENING PERMIT IS REQUIRED FOR ALL WORK WITHIN THE RIGHT OF WAY.

NOT FOR CONSTRUCTION

- GENERAL NOTES**
- EXISTING CONDITIONS SHOWN ARE FROM SURVEY PROVIDED BY BURSE SURVEYING AND ENGINEERING, INC. MSA PROFESSIONAL SERVICES, INC. (MSA) TAKES NO RESPONSIBILITY FOR ACCURACY OF ANY EXISTING CONDITIONS ELEVATIONS OR BENCHMARKS.
 - ALL WORK IN THE RIGHT-OF-WAY SHALL BE IN ACCORDANCE WITH CITY OF FITCHBURG STANDARDS.
 - NO SITE GRADING SHALL BE PERFORMED OUTSIDE OF THE SILT FENCE / GRADING LIMITS / PROPERTY LINE / EASEMENTS EXCEPT AS NOTED.
 - THIS PROJECT HAS BEEN DESIGNED AND MUST BE CONSTRUCTED IN ACCORDANCE WITH THE CITY OF FITCHBURG STANDARDS AND DEPARTMENT OF SAFETY AND PUBLIC SERVICES STANDARDS.
- GRADING NOTES**
- ALL PROPOSED GRADES SHOWN ARE FINISHED GRADES. CONTRACTOR SHALL VERIFY ALL GRADES TO MAKE SURE ALL AREAS DRAIN PROPERLY AND SHALL REPORT ANY DISCREPANCIES TO THE ENGINEER PRIOR TO CONSTRUCTION.
 - CONTRACTOR TO DEEP TILL ALL COMPACTED PVIOUS SURFACES PRIOR TO SEEDING AND MULCHING.
 - ALL LANDSCAPE AREAS SHALL BE RESTORED WITH A MINIMUM OF 6" OF TOPSOIL.

- CONSTRUCTION SCHEDULE**
- BEGIN CONSTRUCTION. INSTALL ALL PERIMETER EROSION CONTROL DEVICES AS SHOWN.
 - SITE MASS GRADING.
 - UTILITY CONSTRUCTION.
- EROSION CONTROL NOTES**
- ALL EROSION AND SEDIMENT CONTROL PRACTICES SHALL BE IMPLEMENTED IN ACCORDANCE WITH THE CURRENT WISCONSIN DEPARTMENT OF NATURAL RESOURCES (WDNR) EROSION AND SEDIMENT CONTROL TECHNICAL STANDARDS (dnr.wi.gov).
 - EROSION AND SEDIMENT CONTROL MEASURES SHALL BE INSTALLED PRIOR TO SITE DISTURBANCE.
 - ENGINEER / CITY OF FITCHBURG HAS THE RIGHT TO REQUIRE OWNER / CONTRACTOR TO IMPLEMENT ADDITIONAL EROSION CONTROL MEASURES AS NECESSARY.
 - EROSION AND SEDIMENT CONTROL PRACTICES SHALL BE INSPECTED ONCE PER WEEK AND FOLLOWING EACH RAINFALL EVENT. INSPECTION REPORTING SHALL BE IN ACCORDANCE WITH CITY OF FITCHBURG REQUIREMENTS AND SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR.
 - IT IS THE CONTRACTOR'S RESPONSIBILITY TO MAINTAIN EROSION AND SEDIMENT CONTROL PRACTICES IN WORKING ORDER.

- DEWATERING PRACTICES SHALL COMPLY WITH TECHNICAL STANDARD 1061.
- ALL SLOPES EXCEEDING 20% (5:1) SHALL BE STABILIZED WITH A CLASS I, TYPE A URBAN EROSION MAT.
- DUST CONTROL SHALL BE MITIGATED IN ACCORDANCE WITH WDNR TECHNICAL STANDARD 1068.
- ALL DISTURBED AREAS SHALL BE SEEDDED AND MULCHED IMMEDIATELY FOLLOWING FINAL GRADING ACTIVITIES.
- SEED MIX AND RATE SHALL BE, AT A MINIMUM, IN ACCORDANCE WITH WDNR TECHNICAL STANDARD 1059.
- TRACKED SOIL FROM THE SITE TO STREETS SHALL BE REMOVED AT THE END OF EACH WORKDAY OR AS DIRECTED BY THE CITY ENGINEER.
- INSTALL PERIMETER CONTROLS ON THE DOWNSLOPE SIDE OF STOCKPILES AND PROVIDE TEMPORARY SEEDING ON STOCKPILES WHICH ARE TO REMAIN IN PLACE FOR MORE THAN SEVEN (7) DAYS.
- BIORETENTION FACILITIES MUST BE USED AS A TEMPORARY SEDIMENT BASIN DURING CONSTRUCTION.
 - GRADE FACILITY TO BOTTOM OF ENGINEERED SOIL MIX, PROVIDING A 3' DEEP SEDIMENT STORAGE SUMP DURING CONSTRUCTION.
 - AFTER PLANT INFRASTRUCTURE CONSTRUCTION IS COMPLETE AND LOTS ARE RESTORED, REMOVE ACCUMULATED SEDIMENT AND EXCAVATE TO BOTTOM OF PEA GRAVEL LAYER.
 - INSTALL PEA GRAVEL LAYER, UNDERDRAIN, ENGINEERED SOIL MIX, AND RESTORE WITH PLUGS.

UTILITY PLAN NOTES

- PER CITY ORDINANCE, CONTRACTORS ARE NOT ALLOWED TO OPERATE CITY OWNED VALVES. THE CONTRACTOR SHALL CALL THE FITCHBURG UTILITY AT 270-4270 FOR OPERATION OF THESE VALVES 48 HOURS IN ADVANCE OF CONNECTION.
- SAFE SAMPLE RESULTS NEED TO BE PROVIDED TO THE FITCHBURG UTILITY PRIOR TO INSTALLING COPPER WATER SERVICES AND PRIOR TO PRESSURE TEST. IT IS THE CONTRACTOR'S RESPONSIBILITY TO VERIFY THAT THE EXISTING VALVES WILL HOLD THE PRESSURE TEST PRIOR TO CONNECTION. THE CITY IS NOT RESPONSIBLE FOR ANY COST INCURRED DUE TO THE CONTRACTOR NOT VERIFYING THAT THE EXISTING VALVE WILL HOLD THE PRESSURE TEST PRIOR TO CONNECTION. IF A NEW VALVE IS REQUIRED, THE APPLICANT WILL BE REQUIRED TO INSTALL ONE AT THEIR EXPENSE AT THE POINT OF CONNECTION.
- DIMENSIONS TAKE PRECEDENCE OVER SCALE. CONTRACTOR TO VERIFY ALL DIMENSIONS IN FIELD.
- LENGTHS OF ALL UTILITIES ARE TO CENTER OF STRUCTURES OR FITTINGS AND MAY VARY SLIGHTLY FROM PLAN. LENGTHS SHALL BE VERIFIED IN THE FIELD DURING CONSTRUCTION.
- CONTRACTOR SHALL VERIFY ALL ELEVATIONS, LOCATIONS, AND SIZES OF SANITARY, WATER AND STORM LATERALS AND CHECK ALL UTILITY CROSSINGS FOR CONFLICTS.
- THE PROPOSED IMPROVEMENTS MUST BE CONSTRUCTED IN ACCORDANCE WITH ENGINEERING PLANS DESIGNED TO MEET ORDINANCES AND REQUIREMENTS OF THE MUNICIPALITY AND WISDOT, WISDPS, AND WDRN.
- PRIOR TO CONSTRUCTION, THE CONTRACTOR IS RESPONSIBLE FOR:
 - EXAMINING ALL SITES CONDITIONS RELATIVE TO THE CONDITIONS INDICATED ON THE ENGINEERING DRAWINGS. ANY DISCREPANCIES ARE TO BE REPORTED TO THE ENGINEER AND RESOLVED PRIOR TO THE START OF CONSTRUCTION.
 - OBTAINING ALL PERMITS INCLUDING PERMIT COSTS, TAP FEES, METER DEPOSITS, BONDS, AND ALL OTHER FEES REQUIRED FOR PROPOSED WORK TO OBTAIN OCCUPANCY.
 - VERIFYING UTILITY ELEVATIONS AND NOTIFYING ENGINEER OF ANY DISCREPANCY. NO WORK SHALL BE PERFORMED UNTIL THE DISCREPANCY IS RESOLVED.
- NOTIFYING ALL UTILITIES PRIOR TO THE INSTALLATION OF ANY UNDERGROUND IMPROVEMENTS. NOTIFYING THE DESIGN ENGINEER AND MUNICIPALITY 48 HOURS PRIOR TO THE START OF CONSTRUCTION TO ARRANGE FOR APPROPRIATE CONSTRUCTION OBSERVATION.
- THE CONTRACTOR IS RESPONSIBLE FOR PROVIDING THE ENGINEER WITH AS-BUILT CONDITIONS OF THE DESIGNATED IMPROVEMENTS IN ORDER THAT THE APPROPRIATE DRAWINGS CAN BE PREPARED. IF REQUIRED, ANY CHANGES TO THE DRAWINGS OR ADDITIONAL ITEMS MUST BE REPORTED TO THE ENGINEER AS WORK PROGRESSES.
- THE PRIME CONTRACTOR IS RESPONSIBLE FOR COORDINATING ALL CONSTRUCTION WITH OTHER CONTRACTORS INVOLVED WITH CONSTRUCTION OF THE PROPOSED DEVELOPMENT AND FOR REPORTING ANY ERRORS OR DISCREPANCIES BETWEEN THESE PLANS AND PLANS PREPARED BY OTHERS.
- ANY SANITARY SEWER, SANITARY SEWER SERVICES, WATER MAIN, WATER SERVICES, STORM SEWER, OR OTHER UTILITIES, WHICH ARE DAMAGED BY THE CONTRACTORS, SHALL BE REPAIRED TO THE OWNER'S SATISFACTION AT THE CONTRACTOR'S EXPENSE.
- MINIMUM 6.5' COVER OVER WATER MAINS, UP TO AND INCLUDING HYDRANTS.
- GRANULAR BACKFILL MATERIALS ARE REQUIRED IN ALL UTILITY TRENCHES UNDER SIDEWALKS AND PROPOSED PAVED AREAS (UNLESS OTHERWISE SPECIFIED IN THE GEOTECHNICAL REPORT). ALL UTILITY TRENCH BACKFILL SHALL BE COMPACTED PER SPECIFICATIONS. ALL PAVEMENT PATCHING SHALL COMPLY WITH THE CITY OF FITCHBURG STANDARD SPECIFICATIONS AND ALL OTHER PATCHING REQUIREMENTS OF THE CITY. ADDITIONAL PAVEMENT MILLING AND OVERLAY MAY BE REQUIRED BY PERMIT.
- CONTRACTOR SHALL NOTIFY THE CITY OF FITCHBURG PUBLIC WORKS DEPARTMENT A MINIMUM OF 48 HOURS BEFORE CONNECTING TO PUBLIC UTILITIES.
- IN ACCORDANCE WITH ACT 425 OF THE WISCONSIN LEGISLATURE, LOCATED IN SECTION 182.0715(2) OF THE STATE STATUTES AND OTHER APPLICABLE REQUIREMENTS, ALL NON-METALLIC BUILDING SEWER AND WATER SERVICES MUST BE ACCOMPANIED BY MEANS OF LOCATING UNDERGROUND PIPE. TRACER WIRE VALVE BOXES SHALL BE INSTALLED ON ALL LATERALS AND AS INDICATED ON THESE PLANS.
- ALL EXTERIOR CLEANOUTS SHALL BE PROVIDED WITH A FROST SLEEVE IN ACCORDANCE WITH SPS 382.35(5)(a) AND SPS 384.30(2)(c).
- ALL PRIVATE SANITARY BUILDING SEWER PIPE AND TUBING SHALL CONFORM TO SPS 384.30-3.
- SANITARY SEWER BETWEEN MH#1 AND MH#2 IS REQUIRED TO BE INSTALLED PER THE LATEST EDITION OF THE CITY OF FITCHBURG STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION. SANITARY IS PUBLIC.
- ALL PRIVATE PIPE AND TUBING FOR WATER SERVICE SHALL CONFORM TO SPS 384.30-7.
- CONTRACTOR SHALL VERIFY AND COORDINATE ALL UTILITY CONNECTIONS WITH THE BUILDING PRIOR TO CONSTRUCTION.
- ALL CONNECTIONS TO PUBLIC WATER MAIN AND SANITARY MANHOLES SHALL BE COMPLETED IN ACCORDANCE WITH THE LATEST EDITION OF THE CITY OF FITCHBURG STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
- OPEN PICKHOLES ARE PROHIBITED IN SANITARY MANHOLES.
- PAVEMENT PATCH SHALL CONSIST OF:
 - 12" OF CRUSHED AGGREGATE BASE COURSE (8" OF 3" DENSE AND 4" OF 1-1/4" DENSE)
 - 4-1/2" ASPHALT PATCH
- WORK SHALL BE IN ACCORDANCE WITH THE LATEST EDITION OF THE CITY OF FITCHBURG STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
- ALL SANITARY LATERALS SHALL BE 4" UNLESS OTHERWISE MARKED. 4" SANITARY LATERALS SHALL BE INSTALLED AT A 2% SLOPE.

**CONSTRUCTION SITE
EROSION CONTROL REQUIREMENTS**

- SECTION NR216.46 OF WISCONSIN STATE ADMINISTRATIVE CODE IDENTIFIES REQUIREMENTS FOR CONSTRUCTION SITE AND POST-CONSTRUCTION EROSION CONTROL. IT IS THE INTENT OF THESE PLANS TO SATISFY THESE REQUIREMENTS. THE METHODS AND STRUCTURES USED TO CONTROL EROSION SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR. CONTRACTOR SHALL IMPLEMENT AN APPROPRIATE MEANS OF CONTROLLING EROSION DURING SITE OPERATION AND UNTIL THE VEGETATION IS RE-ESTABLISHED. ADJUSTMENTS TO THE CONTROL SYSTEM SHALL BE MADE AS REQUIRED.
- ALL WORK SHALL BE IN ACCORDANCE WITH THE LATEST EDITION OF THE WISCONSIN DNR'S CONSERVATION PRACTICE STANDARDS. THESE STANDARDS ARE PERIODICALLY UPDATED AND IT IS THE CONTRACTOR'S RESPONSIBILITY TO OBTAIN AND REFERENCE THE MOST RECENTLY RELEASED STANDARD.
- THIS INFORMATION IS ONLY ONE PART OF THE OVERALL EROSION CONTROL REQUIREMENTS. ADDITIONAL REQUIREMENTS MAY ALSO BE SHOWN ON THE CONTRACT DRAWINGS AND IN THE ACCOMPANYING SPECIFICATIONS.
- ADDITIONAL EROSION CONTROL MEASURES, AS REQUESTED IN WRITING BY THE STATE OR LOCAL INSPECTORS, OR THE OWNER'S ENGINEER, SHALL BE INSTALLED WITHIN 24 HOURS.
- THE AREA OF EROSION EXPOSED TO THE ELEMENTS BY GRUBBING, EXCAVATION, TRENCHING, BORROW AND FILL OPERATIONS AT ANY ONE TIME SHALL BE MINIMIZED TO THE MAXIMUM EXTENT PRACTICABLE. FOR ANY DISTURBED AREA THAT REMAINS INACTIVE FOR GREATER THAN 7 WORKING DAYS, OR WHERE GRADING WORK EXTENDS BEYOND THE PERMANENT SEEDING DEADLINES, THE SITE MUST BE TREATED WITH TEMPORARY STABILIZATION MEASURES SUCH AS SOIL TREATMENT, TEMPORARY SEEDING AND/OR MULCHING. ALL DISTURBED AREAS SHALL BE TREATED WITH PERMANENT STABILIZATION MEASURES WITHIN 3 WORKING DAYS OF FINAL GRADING.
- ALL EROSION CONTROL MEASURES AND STRUCTURES SERVING THE SITE MUST BE INSPECTED AT LEAST WEEKLY OR WITHIN 24 HOURS OF THE TIME 0.5 INCHES OF RAIN HAS OCCURRED. ALL NECESSARY REPAIR AND MAINTENANCE WILL BE DONE AT THIS INSPECTION TIME.
- ALL EROSION CONTROL DEVICES AND/OR STRUCTURES SHALL BE PROPERLY INSTALLED PRIOR TO CLEARING AND GRUBBING OPERATIONS WITHIN THEIR RESPECTIVE DRAINAGE AREAS. THESE SHALL BE PROPERLY MAINTAINED FOR MAXIMUM EFFECTIVENESS UNTIL VEGETATION IS RE-ESTABLISHED.
- ALL EROSION CONTROL DEVICES SHALL BE PROPERLY INSTALLED PRIOR TO ANY SOIL DISTURBANCE.
- ANY SLOPES STEEPER THAN 3H:1V SHALL BE STAKED WITH EROSION CONTROL FABRIC UNLESS INDICATED ON THE PLAN.
- ALL WASTE AND UNUSED BUILDING MATERIALS (INCLUDING GARBAGE, DEBRIS, CLEANING WASTES, WASTEWATER, TOXIC MATERIALS, OR HAZARDOUS MATERIALS) SHALL BE PROPERLY DISPOSED OF AND NOT ALLOWED TO BE CARRIED OFF-SITE BY RUNOFF OR WIND.
- WIND EROSION SHALL BE KEPT TO A MINIMUM DURING CONSTRUCTION. WATERING, MULCH, OR A TACKING AGENT MAY BE REQUIRED TO PROTECT NEARBY RESIDENCES AND WATER RESOURCES.
- CHANNELIZED RUNOFF ENTERING THE PROJECT SITE FROM ADJOINING LANDS SHALL BE DIVERTED THROUGH NATURALLY OR ARTIFICIALLY EROSION-RESISTANT CONVEYANCES. IF CHANNELIZED RUNOFF CANNOT BE DIVERTED, SITE BEST MANAGEMENT PRACTICES MUST ACCOUNT FOR THE ADDITIONAL FLOW RATES AND EROSION POTENTIAL THAT SUCH RUNOFF PRESENTS.
- THE CONTRACTOR SHALL TAKE ALL POSSIBLE PRECAUTIONS TO PREVENT SOILS FROM BEING TRACKED ONTO PUBLIC OR PRIVATE ROADWAYS. PAVED SURFACES ADJACENT TO CONSTRUCTION SITE VEHICLE ACCESS SHALL BE SWEEPED AND/OR SCRAPED (NOT FLUSHED) PERIODICALLY TO REMOVE SOIL, DIRT, AND/OR DUST.
- EROSION CONTROLS SHALL BE INSTALLED ON THE DOWNSTREAM SIDE OF TEMPORARY STOCKPILES. ANY SOIL STOCKPILE THAT REMAINS FOR MORE THAN 7 DAYS SHALL BE COVERED OR TREATED WITH STABILIZATION PRACTICES SUCH AS TEMPORARY OR PERMANENT SEEDING AND MULCHING. ALL STOCK PILES SHALL BE PLACED AT LEAST 75 FEET FROM STREAMS OR WETLANDS.
- ADDITIONAL EROSION CONTROL FOR UTILITY CONSTRUCTION (STORM SEWER, SANITARY SEWER, WATER MAIN, ETC.) SHALL INCLUDE THE FOLLOWING:
 - PLACE EXCAVATED TRENCH MATERIAL ON THE HIGH SIDE OF THE TRENCH.
 - BACKFILL, COMPACT, AND STABILIZE THE TRENCH IMMEDIATELY AFTER PIPE CONSTRUCTION.
 - DISCHARGE OF TRENCH WATER OR DEWATERING EFFLUENT MUST BE PROPERLY TREATED TO REMOVE SEDIMENT IN ACCORDANCE WITH THE WDNR CONSERVATION PRACTICE STANDARD 1061 - DEWATERING OR A SUBSEQUENT WDNR DEWATERING STANDARD PRIOR TO DISCHARGE INTO A STORM SEWER, DITCH, DRAINAGEWAY, OR WETLAND OR LAKE.
- ALL DRAINAGE CULVERTS, STORM DRAIN INLETS, MANHOLES, OR ANY OTHER EXISTING STRUCTURES THAT COULD BE DAMAGED BY SEDIMENTATION SHALL BE PROTECTED ACCORDING TO THE VARIOUS METHODS PROVIDED IN THE PRINTED CONSERVATION PRACTICE STANDARDS.
- ANY SOIL EROSION THAT OCCURS AFTER FINAL GRADING AND/OR STABILIZATION MUST BE REPAIRED AND THE STABILIZATION WORK REDONE.
- THE FIRST SIX WEEKS AFTER INITIAL STABILIZATION, ALL NEWLY SEEDED AND MULCHED AREAS SHALL WATERED WHENEVER 7 DAYS ELAPSE WITHOUT A RAIN EVENT.
- WHEN THE DISTURBED AREA HAS BEEN STABILIZED BY PERMANENT VEGETATION OR OTHER MEANS, TEMPORARY BMP'S SUCH AS SILT FENCES, STRAW BALES, AND SEDIMENT TRAPS SHALL BE REMOVED AND THESE AREAS STABILIZED.
- ALL TEMPORARY BEST MANAGEMENT PRACTICES SHALL BE MAINTAINED UNTIL THE SITE IS STABILIZED.
- ALL DISTURBED AREAS SHALL BE PERMANENTLY STABILIZED WITH SEED AND MULCH UNLESS OTHERWISE SPECIFIED. A MINIMUM OF FOUR INCHES OF TOPSOIL SHALL BE APPLIED TO ALL AREAS TO BE SEEDED OR SODDED.

INLET COVER PROTECTION
NO SCALE

GENERAL NOTES - INLET PROTECTION

INLET PROTECTION DEVICES SHALL BE MAINTAINED OR REPLACED AT THE DIRECTION OF THE ENGINEER. MANUFACTURED ALTERNATIVES APPROVED AND LISTED ON THE DEPARTMENT'S EROSION CONTROL PRODUCT ACCEPTABILITY LIST MAY BE SUBSTITUTED. WHEN REMOVING OR MAINTAINING INLET PROTECTION, CARE SHALL BE TAKEN SO THAT THE SEDIMENT TRAPPED ON THE GEOTEXTILE FABRIC DOES NOT FALL INTO THE INLET. ANY MATERIAL FALLING INTO THE INLET SHALL BE REMOVED IMMEDIATELY.

- FINISHED SIZE, INCLUDING FLAP POCKETS WHERE REQUIRED, SHALL EXTEND A MINIMUM OF 10" AROUND THE PERIMETER TO FACILITATE MAINTENANCE OR REMOVAL.
- FOR INLET PROTECTION, TYPE C (WITH CURB BOX), AN ADDITIONAL 18" OF FABRIC IS WRAPPED AROUND THE WOOD AND SECURED WITH STAPLES. THE WOOD SHALL NOT BLOCK THE ENTIRE HEIGHT OF THE CURB BOX OPENING.
- FLAP POCKETS SHALL BE LARGE ENOUGH TO ACCEPT WOOD 2X4.

GENERAL NOTES:

- ENDS OF FENCE SHALL BE TURNED UPSLOPE 1 TO 2 FEET IN ELEVATION TO PREVENT FLANKING.
- STAPLE FABRIC WITH 1/2 INCH (MINIMUM) STAPLES TO THE UPSLOPE SIDE OF THE POSTS.
- WHEN TWO SECTIONS OF FILTER FABRIC ADJOIN EACH OTHER THEY SHALL BE OVERLAPPED BY SIX INCHES AND FOLDED.

TYPICAL SILT FENCE INSTALLATION AT SITE PERIMETER DETAIL

***TABLE 1 - STONE GRADATION**

SIEVE SIZE	% PASSING
3"	100%
2 1/2"	90 - 100%
1 1/2"	25 - 60%
3/4"	0 - 20%
3/8"	0 - 5%

NOTES:

- TRACKING PAD WIDTH SHALL BE AT LEAST THE FULL WIDTH OF THE EGRESS POINT OR 12' WIDE MINIMUM.
- TRACKING PAD LENGTH SHALL BE 50' FOR CONSTRUCTION SITES, 30' FOR SINGLE FAMILY RESIDENTIAL, OR AS SPECIFIED IN THE CONTRACT DOCUMENTS. LENGTH OF TRACKING PAD MAY NEED TO BE INCREASED OR ADDITIONAL SEDIMENT CONTROL PRACTICES SHALL BE INSTALLED BY THE CONTRACTOR IF SEDIMENT TRACK-OUT OCCURS.
- GEOTEXTILE FABRIC TYPE R SHALL BE INSTALLED BETWEEN THE STONE AND SUBGRADE ON SITES WHERE HIGH GROUND WATER IS OBSERVED.
- CONTRACTOR SHALL CLEAN STREET/ROADWAY ADJACENT TO ALL CONSTRUCTION ACCESS POINTS AT THE END OF EACH WORKDAY OR MORE FREQUENTLY IF REQUESTED.

01 WEST BIORETENTION FACILITY
C502

03 EAST BIORETENTION FACILITY
C502

GENERAL NOTES:

1. GEOTECH SHALL VERIFY NATIVE SOIL LAYER, STORAGE LAYER MATERIAL, AND ENGINEERED SOIL.
2. ENGINEERED SOIL SHALL CONSIST OF A MIXTURE OF 70 TO 85% SAND AND 15 TO 30% COMPOST. COMPOST SHALL BE CERTIFIED ACCORDING TO WDNR SPECIFICATION S100. GEOTECH SHALL FIELD VERIFY MATERIAL PRIOR TO INSTALLATION.
3. CONSTRUCTION METHODS SHALL FOLLOW WISCONSIN DNR TECHNICAL STANDARD 1004.
4. FILTER FABRIC SHALL BE INSTALLED OVER THE UNDERDRAIN PIPE AND SHALL NOT EXTEND MORE THAN TWO FEET FROM EITHER SIDE OF THE PIPE.
5. ENGINEERED SOIL SHALL BE PRE-MIXED PRIOR TO PLACEMENT AND THE MOISTURE CONTENT SHALL BE LOW TO AVOID COMPACTION AND CLUMPING. THE ENGINEERED SOIL SHALL BE PLACED IN MULTIPLE LIFTS, EACH APPROXIMATELY 12-INCHES IN DEPTH. ENGINEERED SOIL CAN BE CAREFULLY TAPPED WITH A BUCKET OR SIMILAR METHOD TO PROVIDE FIRM SURFACE FOR SEEDING BUT COMPACTION WITH HEAVY EQUIPMENT OR VIBRATING PLATE-STYLE COMPACTORS SHALL NOT BE USED.
6. STORAGE LAYER SHALL BE EITHER SAND OR GRAVEL, IN ACCORDANCE WITH WISCONSIN DNR TECHNICAL STANDARD 1004, MEETING THE FOLLOWING REQUIREMENTS:
 - 6.1. GRAVEL SHALL MEET THE COARSE AGGREGATE #2 AND OTHER SPECIFICATIONS OF WISCONSIN STANDARDS AND SPECIFICATIONS FOR HIGHWAY AND STRUCTURE CONSTRUCTION, SECTION 501.2.5. GRAVEL SHALL BE DOUBLE WASHED.
 - 6.2. SAND MAY BE USED INSTEAD OF GRAVEL. SAND IS REQUIRED TO MEET USDA COURSE SAND (0.02 - 0.04 INCHES), ASTM C33 (FINE AGGREGATE CONCRETE SAND), OR WISCONSIN STANDARDS AND SPECIFICATIONS FOR HIGHWAY AND STRUCTURE CONSTRUCTION, SECTION 501.2.5.3.4 (FINE AGGREGATE CONCRETE SAND) 2005 EDITION.
7. SUB SOILS SHALL BE DEEP TURNED OVER WITH AN EXCAVATOR TO BREAK UP POTENTIAL SILT SEAMS. SOIL SHOULD BE OVER TURNED TO A DEPTH OF 5 FEET BELOW THE STORAGE LAYER.
8. FINISHED BIORETENTION SURFACE SHALL BE LEVEL WITHIN ±0.1 FEET.
9. CLASS II, TYPE B EROSION CONTROL MAT SHALL BE USED WHEN RESTORING THE FINISHED BIORETENTION DEVICES PER WISCONSIN DNR TECHNICAL STANDARD 1004. MAT SHALL BE OVERLAPPED AND ANCHORED WITH BIODEGRADABLE STAPLES (6 INCHES OR LONGER TO HOLD THE MAT TO THE MEDIA).
10. LANDSCAPER SHALL PROVIDE FINAL RESTORATION OF BIORETENTION FACILITY WITH PLANT PLUGS. SEE SHEET L100/.
11. IF AT ANY TIME DURING CONSTRUCTION OF THE BIORETENTION AREA, THE CONTRACTOR COMPACTS THE BIORETENTION AREA BEYOND THE ENGINEER'S SPECIFICATION, THE CONTRACTOR SHALL REWORK, REPLACE, AND/OR REPAIR THE INFILTRATION AREA TO THE ENGINEER'S APPROVAL.
12. ENTIRE STORMWATER OUTLET TO BE SEEDDED WITH AGREGOL SHORTGRASS PRAIRIE SEED MIX AND COVER CROP OF ANNUAL RYE (OR APPROVED EQUALS), EXCEPT BIORETENTION FACILITY BOTTOM.

SURVEYOR'S CERTIFICATE:

I, Michelle L. Burse, Professional Land Surveyor, No. 2020, hereby certify that in full compliance with the provisions of Chapter 703 of the Wisconsin Statutes, I have surveyed and mapped the following described lands:

LOT 1, CERTIFIED SURVEY MAP NUMBER 13827, AS RECORDED IN VOLUME 91 OF CERTIFIED SURVEY MAPS, ON PAGES 271-273, AS DOCUMENT NUMBER 5104760, DANE COUNTY REGISTRY, LOCATED IN THE NORTHWEST QUARTER AND THE NORTHEAST QUARTER OF THE SOUTHWEST QUARTER OF SECTION 11, TOWNSHIP 06 NORTH, RANGE 09 EAST, CITY OF FITCHBURG, DANE COUNTY, WISCONSIN.

I further certify that this condominium plat correctly represents the condominium described; that the floorplans are reproduced from plans furnished by the architect; and the location and identification of each unit and the common elements can be determined from the plat.

Dated this ____ day of _____, 202__.

**DECLARATION OF PROTECTIVE COVENANTS
FOR UNITS 1 THROUGH 60, INCLUSIVE,
INSPIRATION AT SWAN CREEK, A
CONDOMINIUM**

This Document was drafted by and
should be returned to:

Gregory C. Collins, Esq.
Axley Brynerson, LLP
2 East Mifflin Street, Suite 200
Post Office Box 1767
Madison, WI 53701-1767

See Exhibit A attached
Tax Parcel Identification Number

**DECLARATION OF PROTECTIVE COVENANTS FOR UNITS 1 THROUGH 60,
INCLUSIVE, INSPIRATION AT SWAN CREEK, A CONDOMINIUM**

This Declaration of Protective Covenants (the “*Protective Covenants*”), made this ___ day of June, 2024, by IP Holdings, LLC (“*Declarant*”).

RECITALS:

A. The Declarant now owns certain lands in the City of Fitchburg, Dane County, Wisconsin (the “*City*”), legally described as Units 1-60, inclusive (the “*Units*”), Inspiration at Swan Creek, a Condominium, City of Fitchburg, Dane County, Wisconsin.

B. The Declarant desires to subject the Units to the conditions, restrictions, covenants and reservations set forth below, which shall encumber the Units, and shall bind the successors in interest, any owner thereof, and the owner of any interest therein.

NOW, THEREFORE, Declarant declares that the Units shall be used, held, sold and conveyed subject to the conditions, restrictions, covenants and reservations set forth below, which shall inure to the benefit of and encumber the Units, and ran with the land, and shall bind the successors in interest, any owner thereof, and the owner of any interest therein.

ARTICLE 1 STATEMENT OF PURPOSE

1.1 General Purpose. The general purpose of these Protective Covenants is to help assure that the Units will become and remain an attractive community; to preserve and maintain the natural beauty of the Units; to insure the most appropriate development and improvement of each Unit; to guard against the construction thereon of poorly designed or proportioned structures; to obtain harmonious improvements and use of material and color schemes; to encourage environmentally friendly construction techniques; to insure the highest and best residential development of the Units; to encourage design that enhances communication between neighbors; and to encourage and secure the construction of attractive residential structures thereon.

1.2 Architectural Control. No Dwelling or other improvement shall be constructed, placed or altered on any Unit until its construction plans and specifications shall have been approved in writing by the Committee.

ARTICLE 2 DEFINITIONS

The following definition shall be applicable to this Declaration:

2.1 Association. The Inspiration at Swan Creek Association, Inc., a Wisconsin nonstock corporation, its successors and assigns.

2.2 City. The City of Fitchburg, Wisconsin.

2.3 Committee. The Architectural Control Committee described in Section 3.1(1).

2.4 Common Areas. All real property designated on the Condominium Plat as Common Area for the common benefit of the Owners, together with all improvements, fixtures and equipment owned by the Association and located on the Common Area for the common use and enjoyment of the Owners.

2.5 Condominium Plat. The Condominium Plat of Inspiration at Swan Creek, a Condominium.

2.6 Declarant. IP Holdings, LLC, its successors and assigns.

2.7 Declaration. The Declaration of Condominium of Inspiration at Swan Creek, a Condominium.

2.8 Dwelling. The detached single-family dwelling referred to in Section 5.1.

2.9 Owner. The person or persons, including any business organization, having the power to convey the fee simple title to a given Unit.

2.10 Protective Covenants. This Declaration of Protective Covenants.

2.11 Register of Deeds. Office of Register of Deeds for Dane County, Wisconsin.

ARTICLE 3 ARCHITECTURAL CONTROL COMMITTEE

3.1 Establishment, Duties, Membership.

(1) There shall be an Architectural Control Committee ("**Committee**"), which shall have the rights and obligations set forth in Article 9 of the Declaration and any powers necessary to exercise those rights.

(2) The composition of the Committee is set forth in Article 9 of the Declaration.

3.2 Fees. The Committee, by majority vote, shall from time to time adopt a fee schedule designed to defray the Committee's out-of-pocket costs incurred in connection with its review of any construction plan or of any resubmission of any such plans and may be adjusted at any time by the Committee.

3.3 Approval of Contractors. For each building constructed or placed on any Unit subject to these Protective Covenants, the prime contractor or builder to be hired for construction of such building shall be approved in writing by the Committee prior to commencement of any construction. Such approval may be withheld for reasons such as the proposed contractor's or builder's financial status or building reputation.

3.4 Liability of Committee. The Committee and its individual members shall not be liable under any circumstances for any damage, loss or prejudice suffered or claimed on account of:

(1) The approval or disapproval of any plans and specifications, whether or not defective;

(2) The construction or performance of any work, whether or not pursuant to approved plans and specifications; or

(3) The development of any property within the Units.

ARTICLE 4
ARCHITECTURAL RESTRICTIONS

4.1 Front and Side Yard Requirements. No building or any part thereof shall be located closer to the front, side and rear yard boundaries of a Unit than the minimum number of feet reflected in each Unit's building envelope.

4.2 Floor Area Minimums. Each Dwelling constructed on any of Unit shall have a minimum of the following floor area of finished living space:

(1) Single-story houses shall have not less than _____ thousand (_____) square feet of finished area.

(2) Split-level houses shall have not less than _____ thousand (_____) square feet of finished area on two levels.

(3) Raised ranch houses shall have not less than _____ thousand (_____) square feet of finished area on the main level.

(4) Two-story houses shall have not less than _____ thousand (_____) square feet of finished area on both floors.

(5) Open porches, screened porches, patios, attached garages, and all basements whether finished or not are not to be included as part of the total area. Stair openings shall be included in determining floor area.

(6) The main level is defined as the level that is totally above the finished grade of the real property located within the Unit.

4.3 Building Materials. The following standards shall be adhered to in relation to all designs and construction to preserve the initial and improved beauty of die Plat.

(1) If the chimney is in the front of the Dwelling it must be of brick, stone or stucco.

(2) All chimneys and flues shall be fully enclosed.

(3) No T1-11 siding (Oriented Strand Board or plywood siding) shall be allowed.

(4) All fascia must be at least eight inches in width.

(5) All roofing shall be of laminated architectural grade textured fiberglass, asphalt shingles, wood shakes, or other acceptable material. No standard 3 in 1 shingles shall be allowed.

(6) All windows must be wrapped in wood or a simulated wood material.

(7) Minimum thickness of vinyl siding shall be .044 and aluminum siding .019.

It is the intent of the Declarant to require coordination of trim, siding and roofing colors to provide the most aesthetic combination for a particular Dwelling as well as for the overall development of the Units. Applicants should consider the color, materials and design of nearby Dwellings.

4.4 Dwelling Elevations. All elevations of the Dwelling shall be designed in a consistent and coherent architectural manner. Changes in material, color and/or texture shall occur at points relating to the massing, fenestration, and overall design concept of the Dwelling. The Committee shall be entitled to reject any plans which would result in a Dwelling that would be incompatible with neighboring structures, that would result in fenestration or length of building walls that would be incompatible with neighboring Dwellings, that would not harmonize with the natural surroundings or that would violate any of the standards set forth in these Protective Covenants.

4.5 Dwelling Location. All Dwellings should be sited on the Unit to present their most desirable face to the street and where possible should be related to Dwellings on adjoining Units. The Committee may check sight lines based on proposed structure location to minimize the structure's obstruction of views from neighboring Dwellings.

4.6 Dwelling Height. No structures shall be erected, altered, placed or permitted to remain on any Unit other than one Dwelling, not to exceed three stories or a maximum of thirty-five (35) feet in height, and each Dwelling shall include private garage constructed in accordance with these Protective Covenants.

4.7 Utilities. All utilities serving any Dwelling or Unit shall be underground. No building or other improvement, or trees shall be erected, placed or planted within any utility easement.

4.8 Fencing. Fences shall not be allowed without the prior written consent of the Committee. THERE SHALL BE NO CHAIN-LINK, VINYL, PLASTIC OR SHADOWBOX FENCES ALLOWED AT ANY TIME. Black wrought iron fencing may be approved by the Committee. As part of this consent, the Committee may require the installation and maintenance of landscape materials or plantings for screening and aesthetic purposes.

4.9 Mailboxes and Exterior Yard Lights. The Declarant shall provide to each Dwelling a mailbox, newspaper tube, and post to be installed by the builder on the Unit in accordance with the United States Post Office Department regulations. All exterior lights shall be "cut-off" lights.

4.10 Garages; Use of Outbuildings. All garages shall be attached to the Dwelling and shall have space for no fewer than two cars. Garage doors for two story, ranch and bi-level homes shall be set back a minimum of four (4) feet from the elevation that incorporates the front entry, while garage doors for tri-level homes may be set a maximum four (4) feet closer to the street than the elevation that incorporates the front door. Further, the garage elevations shall not exceed fifty percent (50%) of the home's total front elevation. Permanent play equipment such as swing sets, playhouses and the like may be installed with the approval of the Committee. No trailer, basement, tent, treehouse, shack, detached garage, bam or outbuilding, or any part thereof, shall be constructed or permitted to remain on any Unit, temporarily or permanently, except for construction trailers during the period of construction.

4.11 Landscaping. The following guidelines shall be followed for each Unit:

(1) Landscape plans shall be developed to enhance the ambience of each Unit. The overall plan should pay particular attention to streetside foundation plantings and should adapt to the surrounding topography of the Unit.

(2) All plantings to be placed upon the Unit shall be planted within thirty days of occupancy of the Dwelling or upon completion of construction, whichever comes first, except that sodding, seeding, and planting new vegetation shall not be required during any period in which winter weather conditions restrict the ability to complete the planting.

(3) No planting shall be permitted within an easement of record which may damage or interfere with the installation and maintenance of utilities or which may alter the direction or impede the flow of surface water in drainage channels within the easement.

(4) No Owner shall grade or obstruct any swale or drainage way whether in a casement or not which is in existence at the time of construction so as to impede the flow of surface water from other Units through such swale or drainage way. The elevation of a Unit shall not be changed so as to materially affect the surface elevation, grade, or drainage pattern of the surrounding Units. Any modification to drainage patterns shall be approved by the Committee and the City of Fitchburg Engineer. Each Unit shall, within one growing season of the issuance of a certificate of occupancy for the Dwelling located thereon, be improved with all landscaping that was set forth in the landscaping plan approved by the Committee.

(5) Front and side yards must be sodded; provided, however, the Committee may permit the front yard and side yard to be seeded where whether conditions permit and appropriate, alternative materials and practices are employed. Alternatively, the compost blanket seeding method for terrace, front yards and side yards is acceptable. Rear yard areas which are not sodded must be seeded.

4.12 Construction Deadline. Each Dwelling constructed shall have its entire external construction completed within nine (9) months from the date of issuance of the building permit except for delays in completion due to strike, war, or act of God.

4.13 Driveways. All driveways from the apron of any Dwelling to the Private Road shall be paved with concrete or asphalt within eight (8) months from the date of issuance of the building permit. All driveways located on a Unit shall have sufficient space to allow for parking of no fewer than two cars. No driveway shall connect directly to any current public road (unless the Private Road is dedicated to the City of Fitchburg and becomes a public road).

4.14 Stormwater Runoff from Roof. Each Dwelling shall be constructed in a manner such that all stormwater runoff from the roof thereof shall be directed toward an absorbent, permeable surface (that is, an area that is not covered with concrete). Stormwater from roof runoff may not be directly channeled into a driveway, street or into a stormwater drainage system. Use of rain gardens is encouraged, and Declarant will provide additional information upon request.

4.15 Roof Pitch. Pitched roofs shall have a minimum slope of 1:4.

4.16 Front Porches. Owners are strongly encouraged to include front porches in their home designs.

4.17 Impervious Surface Ratios. Impervious surface ratios in Inspiration at Swan Creek, a Condominium shall not exceed those listed in Exhibit B.

ARTICLE 5 USE RESTRICTIONS

5.1 Signs. No sign of any kind shall be displayed to the public view on any Unit except one professional sign of not more than six square feet advertising the Dwelling or Unit for sale during the hours of open house showings only, or signs provided and allowed exclusively by the Declarant for builders or licensed real estate brokers during the initial construction and sales periods. The Declarant reserves the right to erect signs, gates or other entryway features surrounded with landscaping at the entrances to the subdivision, and to erect appropriate signage for the sales of Units. This provision shall not be construed to prohibit signs associated with elections or other matters of public interest.

5.2 Garbage and Refuse Disposal. No Unit shall be used or maintained as a dumping ground for rubbish, trash, garbage or waste. All clippings, rocks or earth must be in suitable containers. All equipment for storage or disposal of such waste material shall be kept in a clean and sanitary condition and suitably screened from view from the street.

5.3 Parking and Storage. The parking of service vehicles owned or operated by an Owner and their families is prohibited unless they are kept in garages. The storage or parking of automobiles, boats, travel trailers, mobile homes, campers, snowmobiles, motorcycles, or any other recreational vehicles is prohibited unless kept inside the garage. This shall not prohibit the temporary parking of such vehicles for the purpose of loading and unloading. No firewood or wood pile shall be kept outside a structure unless it is neatly stacked, placed in a rear yard or a side yard not adjacent to a street, and screened from street view by plantings or a fence approved by the Committee. Nothing set forth in this Section 5.3 shall prohibit temporary storage of moving vehicles for the purpose of loading or unloading for a period of more than eight (8) hours. No cars or other equipment may be parked on any yard at any time.

5.4 Nuisance Prohibited. No noxious or offensive trade or activity shall be carried on which may be or will become a nuisance to the neighborhood. All areas of the Unit not used as a building site or lawn or under cultivation (such as a vegetable garden) shall be so cultivated or tended as to be kept free from noxious weeds. The Owner of each Unit shall be responsible for maintaining the Unit in a neat appearance. This covenant should not be construed to prevent a family garden or orchard, provided that all vegetable gardens and orchards shall be located in the rear yard and provided that such gardens shall be pursuant to plans previously approved by the Committee under Section 9.3 of the Declaration.

5.5 Pets and Animals. No commercial boarding shall be allowed. Kennels shall be inside the Dwelling unless otherwise approved by the Committee in writing. Each Owner should review the applicable municipal ordinances relating to ownership of animals. No owner shall have more than two dogs and two cats. The following dog breeds are prohibited: Pit Bull Terriers,

Staffordshire Terriers, Rottweilers, German Shepherds, Presa Canarias, Chow Chows, Doberman Pinschers, Akitas, Wolf-hybrids, Bull Mastiffs, Great Danes and Alaskan Malamutes or any mixes of the above breeds.

5.6 Outdoor Clothes Lines. Clothesline poles shall not be permitted on any Unit.

5.7 Antennae / Solar Panels / Miscellaneous Fixtures. Except to the extent that this section is in conflict with any federal law or regulation, no exterior antennas or satellite dishes greater than twenty (20) inches in diameter shall be permitted on any structure or Unit unless approved in writing in advance by the Committee. Solar panels, windmills, walls or fences shall be subject to be screened from public view to the extent reasonably possible, and require approval from the Committee. All exterior lighting on the Unit shall be designed and operated to contain the light, to the extent reasonably possible, within the Unit on which the light is located.

ARTICLE 6 MISCELLANEOUS

6.1 Terms and Amendment. Unless amended as provided herein, these Protective Covenants shall run with the land and shall be binding upon all persons claiming an interest in a Unit, or through Declarant for a period of thirty (30) years from the date these Protective Covenants are initially recorded. Until Declarant no longer holds any interest in any lands located within Inspiration at Swan Creek, a Condominium, these Protective Covenants may be amended by the recording of a written instrument executed by or on behalf of all the following: (1) Declarant and (2) the owners of at least sixty percent (60%) of the Units subject to these Protective Covenants, as the same may be expanded. Thereafter until the termination of these Protective Covenants, these Protective Covenants may be amended by the recording of an instrument executed by the owners of at least sixty percent (60%) of the Units subject to these Protective Covenants, as the same may be expanded. After the expiration of the initial term of these Protective Covenants, these Protective Covenants (as presently written or as so amended) shall be automatically extended for successive periods of ten (10) years, unless an instrument executed by the Owners of at least sixty percent (60%) of the Units subject hereto has been recorded to terminate or amend the same in whole or in part. In ascertaining the number of Owners assenting to any such instrument, persons, including any business organizations, having the power to convey the fee simple title in a given Unit shall constitute a unit having a single vote. The special rights that are given to Declarant under these Protective Covenants may be assigned by a written recorded instrument, in which case the assignee shall be the ***“Declarant”*** for all purposes under these Protective Covenants.

6.2 Enforcement. The Committee and any Owner shall have the sole right to enforce the provisions hereof or any of its orders by proceedings at law or in equity against any person or persons violating or attempting to violate any provision of these Protective Covenants, either to restrain or cure the violation or to recover damages, or both. Nothing herein shall be deemed to limit the rights of the City of Fitchburg to enforce any zoning codes, ordinances, regulations or other requirements which may be identical or similar to the requirements of these Protective Covenants.

6.3 Severability. Invalidation of any one of these covenants by judgment or court order shall in no way affect any other provisions, which other provisions shall remain in full force and effect.

6.4 Nonforfeiture. Any violation of these restrictions shall not result in a forfeiture or reversion of title to any Unit.

6.5 Attorneys' Fees. If any suit or action is brought to enforce the provisions of these Protective Covenants, the party who prevails in such action or suit shall be entitled to recover its court costs and attorneys' fees from the other party.

Dane County Planning and Development

**DECLARATION OF CONDOMINIUM
OF
INSPIRATION AT SWAN CREEK, A CONDOMINIUM**

This Declaration (the “**Declaration**”) is made under and pursuant to the Condominium Ownership Act of the State of Wisconsin (the “**Act**”) as codified in Chapter 703, Wisconsin Statutes, by IP Holdings, LLC, a Wisconsin limited liability company (the “**Declarant**”).

**ARTICLE 1
STATEMENT OF DECLARATION AND PURPOSE**

The Declarant hereby subjects the real property described in Section 2.1 (the “**Property**” or the “**Condominium**”) to the condominium form of ownership in the manner provided by the Act.

**ARTICLE 2
DESCRIPTION, NAME AND RESTRICTIONS**

2.1 Legal Description. The Property subject to this Declaration is owned by the Declarant and is described in Exhibit A. The Condominium shall consist of sixty (60) units which shall be designated as Units 1 through 60.

2.2 Name and Address. The name of the Condominium is “**Inspiration at Swan Creek, a Condominium**.” The Condominium’s address is _____ Inspiration Way, City of Fitchburg, Dane County, Wisconsin. The mailing address for the initial Registered Agent is set forth under Section 12.1.

2.3 Covenants, Conditions, Restrictions, and Easements. The Condominium shall be, on the date this Declaration is recorded, subject to:

- (1) General taxes and special assessments not yet due and payable;
- (2) Easements and rights in favor of gas, electric, telephone, water, and other utilities;
- (3) All other easements, covenants, and restrictions of record;
- (4) All municipal, zoning, and building ordinances; and
- (5) All other governmental laws and regulations applicable to the Condominium.

2.4 Purpose / Restrictions. The Units may be used for any purposes subject to this Declaration and any applicable municipal and zoning ordinances.

**ARTICLE 3
UNITS, UNIT OWNERS AND UNIT USES**

3.1 Definition of a Unit. “**Unit**” shall mean a part of the Condominium intended for independent use.

3.2 Description. A Unit in the Condominium shall be a cubicle of air whose perimetrical boundaries shall be set forth for such Unit on the Condominium Plat for the Inspiration at Swan Creek, a Condominium, a copy of which is attached as Exhibit B (the “**Condominium Plat**”), whose lower boundary is an imaginary horizontal plane located parallel to and 100 feet below the surface of the ground, extended to the perimetrical boundaries; and whose upper boundary is an imaginary horizontal plane located parallel to and 100 feet above the surface of the ground, extended to the perimetrical boundaries. A Unit does not include any Dwelling (as defined herein) or Improvement (as defined herein) constructed or to be constructed thereon located within the cubicle of air that comprises the Unit.

3.3 Identification. The Units are identified by unit number on the Condominium Plat.

3.4 Separation, Merger, and Boundary Relocation. Boundaries between Units may be separated, merged or relocated consistent with the Section 703.13 of the Wisconsin Statutes. Following any boundary relocation, the Percentage Interests in the Common Elements shall be determined as set forth under Section 4.2.

3.5 Unit Owner. “**Unit Owner**” or “**Owner**” means a person, combination of persons, partnership, corporation, or other legal entity, which holds legal title to a Unit; *provided, however*, that in the event equitable ownership has been conveyed in the Unit by means of a land contract or other similar document, “**Unit Owner**” or “**Owner**” shall mean the land contract purchaser or vendee.

ARTICLE 4 COMMON ELEMENTS

4.1 Definition of Common Elements. “**Common Elements**” means all of the Condominium except the Units and all tangible personal property used in the operation, maintenance, and management of the Condominium, including but not limited to, the Private Road, sidewalks, mailboxes, and open spaces that are identified on the Condominium Plat.

4.2 Ownership / Percentage Interest. Each Unit has an equal, undivided interest (the “**Percentage Interest**”) in the Common Elements determined by taking the number one and dividing it by the total number of Units. At the time of the recording of this Declaration, each Unit has a percentage interest of one over sixty (1/60) or 1.667%.

ARTICLE 5 ASSOCIATION

5.1 Association. “**Association**” shall mean Inspiration at Swan Creek Association, Inc., a Wisconsin nonstock corporation which shall be responsible for carrying out the purposes of this Declaration, including exclusive management and control of the Common Elements and facilities of the Condominium.

5.2 Voting Rights. Each Unit shall be entitled to one vote. If a Unit is owned by more than one person, the vote for the Unit shall be cast as agreed by the persons who have an ownership interest in the Unit, and if only one such person is present, it is presumed that person has the right

to cast the Unit vote unless there is contrary evidence presented. In the event the persons cannot agree on the manner in which the vote is to be cast, no vote may be accepted from the Unit.

5.3 Declarant Control. Except as otherwise provided under Section 5.4, the Declarant shall totally govern the affairs of the Condominium until a Unit has been sold to any person other than the Declarant. After a Unit has been sold to any person other than the Declarant, the Declarant shall have the right to appoint and remove the officers of the Association and to exercise any and all of the powers and responsibilities assigned to the Association and its officers by the Articles, Bylaws, the Condominium Ownership Act, this Declaration, and the Wisconsin Nonstock Corporation Law from the date the first Unit of this Condominium is conveyed by the Declarant to any person other than the Declarant, until the earlier of: (a) three (3) years; (b) thirty (30) days after the conveyance of seventy-five percent (75%) of the Common Element interest to purchasers; or (b) thirty (30) days after the Declarant's election to waive its right of control.

5.4 Executive Board. The affairs of the Association shall be governed by an Executive Board. Prior to the conveyance of twenty-five percent (25%) of the Common Element interest of the Condominium to purchasers, the Association shall hold a meeting, and the Unit Owners other than the Declarant shall elect at least twenty-five percent (25%) of the directors on the Executive Board. Prior to the conveyance of fifty percent (50%) of the Common Element interest of the Condominium to purchasers, the Association shall hold a meeting, and the Unit Owners other than the Declarant shall elect at least thirty-three and one-third percent (33⅓%) of the directors on the Executive Board. Not later than forty-five (45) days after the expiration of Declarant control as provided in Section 5.3, the Association shall hold a meeting and the Unit Owners shall elect an Executive Board of at least three (3) directors and officers of the Association. For purposes of calculating the percentages set forth in Section 5.3 and this Section 5.4, the percentage of Common Element interest conveyed shall be calculated by dividing the number of Units conveyed by the maximum number of Units.

5.5 Enforcement. The Association shall have the power to enforce the Declaration. Any dispute relating to the Declaration or any Executive Board enforcement decision shall be subject to arbitration under chapter 788 of the Wisconsin Statutes. Acceptance of a conveyance of a Unit is deemed to constitute an agreement by the Unit Owner or Owner to submit challenges to decisions of the Executive Board to arbitration.

5.6 Administration of the Association. The administration of the Association shall be governed by its Bylaws consistent with Section 703.10 of the Wisconsin Statutes. The rules contained in Robert's Rules of Order, latest revised edition, shall govern the parliamentary procedures of the meetings, in all cases in which they are not inconsistent with any statute, this Declaration, or the Bylaws. The provisions of this Article are to be supplemented by the Bylaws of the Association, and any rules or regulations adopted by the Association under the Bylaws; *provided, however*, that no such supplement shall substantially alter or amend any of the rights or obligations of the Unit Owners set forth in this Declaration.

ARTICLE 6 REPAIRS AND MAINTENANCE

6.1 Units. Each Unit Owner shall be responsible for the construction, maintenance, repair, and replacement of all landscaping, driveways, and fences constructed on or within the Unit

(the “**Improvements**”). Each Unit shall at all times be kept in good condition and repair. Besides the Improvements, a Unit Owner may not construct any other improvements within his/her Unit except as expressly allowed by the Declaration and permitted by any applicable governmental law, ordinance, regulation or rule.

6.2 Common Elements. The Common Elements may require maintenance, repair or replacement from time-to-time, and the Association shall undertake the obligations to repair or replace the Common Elements as needed; *provided, however*, that any damages to any of the Common Elements caused by a Unit Owner or a Unit Owner’s employees, customers, guests, invitees, etc., shall be charged to the Unit Owner that caused such damages. As of the date of this Declaration, the Common Elements are shown on the Plat, and include the Private Road and the landscaped areas within or adjacent to the Private Road, sidewalks, mailboxes, and open spaces that are identified on the Condominium Plat. The costs to maintain, repair or replace the Common Elements shall be “**Common Expenses**.”

ARTICLE 7 INSURANCE

7.1 Unit Owners’ Insurance. Each Unit Owner shall obtain and maintain fire, casualty, and special form insurance coverage insuring the Unit, Dwelling and Improvements, together with any fixtures, furniture, equipment and personal property located within the Unit. Each Unit Owner shall obtain adequate liability insurance for their respective Unit. Unit Owners are encouraged to submit copies of the disclosure materials to their insurance carriers in order to ensure adequate property and liability coverage on their personal property, Unit, Dwelling and Improvements.

7.2 Property Insurance. The Executive Board on behalf of the Unit Owners shall obtain and maintain insurance for the Common Elements covering the perils of fire, extended coverage, vandalism, and malicious mischief on a repair and replacement cost basis, for an amount not less than the full replacement value of the insured property.

7.3 Liability Insurance. The Executive Board on behalf of the Unit Owners shall maintain comprehensive general liability insurance against all claims commonly insured against and in such amounts as the Executive Board shall deem suitable for the Common Elements. Each Unit Owner’s policy shall also contain “severability of interest” endorsements which shall preclude the insurer from denying the claim of a Unit Owner because of negligence on the part of the Association or other Unit Owners.

7.4 Fidelity Insurance. The Association may maintain fidelity coverage against dishonest acts by any person responsible for handling the funds belonging to or administered by the Association. The Association shall be the named insured, and the insurance shall be in an amount of not less than one hundred percent (100%) of the Association’s annual operating expenses and reserves.

7.5 Administration. Any and all premiums associated with the insurance purchased on behalf of the Association covering the Common Elements shall be Common Expenses. All insurance shall be obtained from generally acceptable and commercially respectable insurance carriers.

ARTICLE 8 COMMON EXPENSES

8.1 General Assessments. The Executive Board may levy general assessments (the “*General Assessments*”) against the Units for the Common Expenses incurred for the regular maintenance, repair and replacement of Common Elements. Each Unit shall be responsible for its share of the Common Expenses equal to its Percentage Interest. During the period of Declarant control of the Association under Section 703.15(2)(c) of the Wisconsin Statutes, no General Assessments shall be assessed against any Unit owned by Declarant. During the period of Declarant control, however, the General Assessments payable by any Unit Owner other than Declarant shall not exceed the amount that Unit Owner would be charged if Declarant’s Units were subject to full General Assessments, based on the annual operating budget then in effect. During the period of Declarant control, Declarant shall pay the deficit if the total General Assessments payable by Unit Owners other than Declarant do not cover the total Common Expenses. The General Assessments may include an adequate reserve for maintenance, repairs, and replacement of the Common Elements that must periodically be maintained, repaired or replaced. Such reserves shall be held in a working capital reserve account, which account shall be segregated from other funds held by the Association. The Executive Board shall, by majority vote, determine the uses of the funds in the working capital reserve account; provided, however, that the Declarant, while in control of the Association, shall be prohibited from using such working capital reserves to defray any of its expenses, reserve contributions, or construction costs, or to make up any budget deficits. The Executive Board may, from time to time, levy Special Assessments to replenish funds withdrawn from the working capital reserve account. Notwithstanding anything to the contrary herein, to the extent the rules and regulation of the Federal National Mortgage Association (“*FNMA*”) or the Federal Home Loan Mortgage Corporation (“*FHLMC*”), are amended or modified from time to time, the Executive Board shall have the right to change how the Association’s working capital reserve shall be funded and maintained, in accordance with the requirements of FNMA and FHLMC. The Association does not have a statutory reserve account under Section 703.163 of the Wisconsin Statutes at the time this Declaration was recorded.

8.2 Special Assessments. The Executive Board may levy special assessments (the “*Special Assessments*”) against the Units, for any purpose for which the Board of Directors may determine a Special Assessment is necessary or appropriate for the improvement or benefit of the Condominium. Special Assessments shall be paid at such time and in such manner as the Association may determine. Each Unit shall be responsible for its portion of a Special Assessment equal to its Percentage Interest.

8.3 Lien. The assessments shall constitute a lien on the Units against which they are assessed. Attachment, filing, effectiveness, priority, and enforcement of the lien shall be as provided in Section 703.165 of the Wisconsin Statutes, as amended.

8.4 Unit Sale. Except as otherwise provided herein, unpaid assessments against a Unit shall be a joint and several liability of the seller and purchaser in a voluntary transfer of the Unit if a statement of condominium lien covering the delinquency shall have been recorded prior to the transfer.

ARTICLE 9
ARCHITECTURAL CONTROL

9.1 General Purpose, Standards, Variances.

(1) General Purpose. The general purpose of the covenants and restrictions set forth in this Article 9 and in the Declaration of Protective Covenants for Inspiration at Swan Creek dated even date herewith and recorded with the Dane County, Wisconsin Register of Deeds (the “*Protective Covenants*”) is to help assure that the Condominium will become and remain an attractive community; to preserve and maintain the view corridors; to ensure the most appropriate development and improvement of each Unit; to guard against the erection of poorly designed or proportioned Dwellings; to obtain harmonious use of material and color schemes; and to ensure the highest and best residential development of the Property.

(2) Standard of Review. It is the intent of this Article 9 and the Protective Covenants to create reasonable restrictions that are enforced in a reasonable manner. In any enforcement action, the court or arbitrator shall interpret and enforce these Protective Covenants in a manner that will impose a reasonable result balancing the cost to the Unit Owner(s) subject to the enforcement action and the impact to the Condominium.

(3) Variances. The Committee (as defined herein) may grant variances from any provision of Article 9 where such variance is not inconsistent with the intent and spirit of this Declaration, and such variance is reasonable and does not have a significant, negative impact on the aesthetics or property values of the Condominium or other Units. The granting or denial of any variance shall be subject to the Standard of Review set forth under Section 9.1(2).

(4) Inspections. The Committee and its designated representatives shall have the right to reasonably inspect the construction of any Dwellings or Improvements to any Unit, without notice and during regular business hours, to ensure that all construction is performed in accordance with the plans and specifications previously approved by the Committee.

9.2 Architectural Control. No Dwelling or other Improvement shall be erected and placed on any Unit until its construction plans and specifications shall have been approved in writing by the Architectural Control Committee (the “*Committee*”).

9.3 Architectural Control Committee.

(1) Establishment Duties, Membership.

(a) There shall be an Architectural Control Committee, which shall have the rights and obligations set forth in this Declaration for the Committee and any powers necessary to exercise those rights.

(b) The Committee shall initially consist solely of the Declarant, so long as the Declarant owns any interest in any Unit. The Declarant may at any time, at

its sole discretion, appoint up to three (3) Unit Owners to serve as the Committee with the decisions rendered by the majority to be binding. Notwithstanding the foregoing provisions, at such time as the Declarant no longer owns any Unit subject to this Declaration, the directors of the Association shall elect the members and fill vacancies on the Committee.

(2) Procedure. A Unit Owner desiring to construct a Dwelling or otherwise construct any Improvements within a Unit shall submit to the Committee, for its written approval, construction plans and specifications for the Dwelling and/or Improvements (which includes landscaping), and a site plan showing the location of the contemplated Dwelling and/or Improvements. The Committee may appoint a qualified designee to conduct the initial review of submissions and make recommendations to the Committee. The items submitted to the Committee or the Committee's designee shall include:

- (a) Construction details for the Dwelling and Improvements (see limitations set forth in the Protective Covenants).
- (b) Elevation drawings of any Dwelling;
- (c) Proposed facades of any Dwelling, including the style, color and location of eaves and windows;
- (d) A description of materials to be used in any Dwelling or Improvement (see limitations set forth in the Protective Covenants);
- (e) A detailed site plan showing the Dwelling footprint, driveway, and sidewalk(s);
- (f) The color scheme of the Dwelling (see limitations set forth in the Protective Covenants);
- (g) A landscaping plan showing all plants and hardscapes;
- (h) All exterior lighting; and
- (i) Such other materials as the Committee may deem necessary that are reasonably related to the Committee's review.

All structures and landscaping shall be designed by a registered architect, a professional engineer experienced in home design or landscaping, as the case may be, or comparable qualified individual or firm. A submission will not be complete and the thirty (30)-day approval time set forth below shall not commence until all documents required in this Section 9.3 have been submitted. All such submissions shall be to the appointee of the Committee or to the Declarant, if no person is designated to review submissions at its principal place of business (or, if Declarant ceases to be a member of the Committee, such other address that the Committee may designate), together with any applicable fee required under Section 9.3(5). After initial review by the appointed designee, Declarant shall then call a meeting of the Committee to consider such plans and specifications. Action of the Committee shall be by majority vote of the Committee members present at such meeting.

A tie vote on an issue shall be deemed equivalent to rejection. The Committee, with the written consent of at least three (3) of its members, may take action without a meeting. The Committee may approve, disapprove or approve subject to stated conditions the preliminary and final development plans. If the Committee conditionally approves either the preliminary or final development plans, then the applicant shall be entitled to resubmit such plans. The Committee's decision shall be in writing, signed by two (2) or more Committee members. If the Committee fails to render its decision on the preliminary or final development plans within thirty (30) days of their submission, or upon any resubmitted preliminary or final development plans within fifteen (15) days of their resubmission, approval will be deemed to have been obtained and the applicable covenants, conditions and restrictions in this Declaration shall be deemed to have been complied with. If such plans are not rejected, then the Owner of the Unit shall construct the Dwelling and Improvements materially in accordance with the submitted documents. All material changes to such plans must be resubmitted to, and approved by, the Committee. Any changes to such plans that would lessen the quality or expense of the construction as previously approved shall be deemed to be material changes. Once the Association is turned over to the Unit Owners, the Association's Board of Directors shall have the right to modify the number of Committee members, the terms of the Committee members, and the procedures of the Committee.

(3) Standards. Subject to the standard of review set forth in Section 9.1, the Committee shall have the right to reject any plans and specifications or site plans, which:

(a) are not in conformity with any of the restrictions set forth in this Declaration or the Protective Covenants, as each may be amended from time-to-time; or

(b) are not desirable for aesthetic reasons; or

(c) are not in harmony with Dwellings located on the surrounding Units;
or

(d) have exterior lighting, exterior signs, exterior television antennae, fencing or landscaping which are not desirable for aesthetic reasons; or

(e) are not in conformity with the general purposes of this Declaration.

(4) Occupancy. No structure shall be occupied unless it has been approved by the Committee pursuant to this Section 9.3, constructed in accordance with the plans as approved by the Committee, and issued an occupancy permit from the appropriate municipal authority.

(5) Fees. The Committee, by majority vote, shall from time to time adopt a fee schedule designed to defray the Committee's out-of-pocket costs, including the fee of any designee appointed by the Committee, incurred in connection with its review of any preliminary or final development plan or of any resubmission of any such plans and such fee may be adjusted at any time by the Committee.

(6) Approval of Contractors. For each Dwelling erected or placed on any Unit subject to this Declaration, the prime contractor or builder to be hired for construction of such Dwelling shall be approved in writing by the Committee prior to commencement of any construction. Such approval may be withheld for reasons such as the proposed contractor's or builder's financial status or building reputation.

(7) Liability of Committee. The Committee and its designee or its individual members shall not be liable under any circumstances for any damage, loss or prejudice suffered or claimed on account of:

(a) The approval or disapproval of any plans and specifications, whether or not defective;

(b) The construction or performance of any work, whether or not pursuant to approved plans and specifications; or

(c) The development of any property within the Condominium.

9.4 Architectural Restrictions. Any improvement intended for occupancy including attached decks and porches (collectively, a "**Dwelling**"), shall be built and sited in conformance with the applicable zoning code and comply with the architectural restrictions set forth in the Protective Covenants.

(1) Front, Side and Rear Yard Requirements. Any Dwelling shall be built and sited in conformance with the applicable zoning code.

(2) Floor Area Minimums. Each Dwelling shall have a minimum area of finished living space as provided in the Protective Covenants.

(3) Building Materials. The building material standards are set forth in the Protective Covenants.

(4) Dwelling Elevations. All elevations of the Dwelling shall be designed in a consistent and coherent architectural manner. Changes in material, color and/or texture shall occur at points relating to the massing, fenestration, and overall design concept of the Dwelling. The Committee shall be entitled to reject any plans which would not harmonize with the natural surroundings or that would violate any of the standards set forth in the Protective Covenants.

(5) Construction Deadline. Each Dwelling erected shall have its entire external construction completed within nine (9) months from the date of issuance of the building permit except for delays in completion due to strike, weather, war or act of God.

9.5 Use Restrictions. Units 9 through 60 shall be used for single family residential purposes. A Unit shall be deemed to be used for "single-family residential purposes" if it is occupied by no more than one family (defined to include persons related by birth, marriage or adoption) plus no more than one unrelated person. Except for Units 1 through 8, no structures shall be constructed, altered, placed or permitted to remain on any Lot or part thereof other than one detached single-family dwelling, not to exceed two stories in height, and a private garage attached

to said dwelling for not less than two cars, nor more than four cars. For Units 1 through 8, two-family dwellings shall be constructed on Units 1 and 2, Units 3 and 4, Units 5 and 6 and Units 7 and 8, not to exceed two stories in height and a private garage attached for the use of each family dwelling for not less than two cars. No business, whether or not for profit, including, without limitation, any day care center (with the exception of in-home childcare not requiring State of Wisconsin licensing), animal boarding business, products distributorship, manufacturing facility, sales office, or professional practice, may be conducted from any Dwelling. The foregoing restrictions as to residence and use shall not, however, be construed in such a manner as to prohibit an Owner from:

- (1) maintaining his or her personal professional library in his or her Dwelling;
- (2) keeping his or her personal business or professional records or accounts in his or her Dwelling;
- (3) handling his or her personal or business records or accounts in his or her Dwelling; or
- (4) handling his or her personal business or professional telephone calls or correspondence from his or her Dwelling.

Nothing in this Section 9.5 shall authorize the maintaining of an office at which customers or clients customarily call and the same is prohibited.

ARTICLE 10 EASEMENTS

10.1 Utility Easement. An easement is reserved over, through and underneath the ten feet of each Unit that abuts a public right-of-way (collectively, the “*Utility Easement*”) for the installation, maintenance, repair and replacement of present and future utility services, including but not limited to, easements for water pipes, sanitary sewer pipes, emergency sewer lines, storm drainage pipes, sprinkler pipes, electrical wires, gas lines, cable and security wires. The location of the Utility Easement is set forth on Exhibit C. The maintenance, repair and replacement of any utility within the Utility Easement that benefits all of the Units shall be the obligation of the Association, and such costs shall be Common Expenses. Any installation, maintenance, repair or replacement of any utility within the Utility Easement that benefits less than all of the Units shall be an expense shared by the Units that benefit from such installation, maintenance, repair or replacement. Easements for ingress and egress are reserved to the Association and Unit Owners in, over, and under the Units and Common Elements for the purpose of making any repairs to the utilities in the Utility Easement. The party (for example, the Association or the specific Unit Owner(s) as the case may be) responsible for the installation, maintenance, repairs, or replacement of any utilities within the Utility Easement shall be responsible for any damage resulting from such work and shall return the Utility Easement to the same condition that existed prior to the commencement of the work.

10.2 Private Road.

(1) Maintenance, Repair and Replacement of Private Road. The private road labeled as “Shared Access Drive” on the Condominium Plat (the “**Private Road**”) that allows ingress and egress to the Units is shown on the Condominium Plat. The Private Road is a Common Element. The maintenance, repair and replacement of the Private Road shall be the obligation of the Association, and such costs shall be Common Expenses. An easement for ingress and egress, staging and grading is reserved to the Association in, over, and under the ten feet of each Unit that abuts the Private Road for the purpose of maintenance, repair and replacement of the Private Road. The Association shall be responsible for any damage resulting from such work and shall return any Unit to the same condition that existed prior to the commencement of the work. The easement granted hereby shall be assigned by the Association in the event the Private Road is subsequently dedicated to the public. In the event that the Association fails to maintain the Private Road, the City of Fitchburg shall have the right to require such maintenance by sending written notice to the Association requiring that the Association complete all necessary maintenance of the Private Road. If the Association refuses to or fails to complete the necessary maintenance within thirty (30) days from the date of mailing of the City of Fitchburg’s notice, then the City of Fitchburg may complete the necessary maintenance of the Private Road and charge all costs as either a special charge to the Association or as a special charge to the Unit Owners for their equal portion of such costs. Notwithstanding the foregoing, in the event the failure of maintenance relates to snow and ice removal, or any other obstruction to the Private Road that create a material danger to the occupants of the Units or any other user of the Private Road, no notice from the City of Fitchburg shall be required.

(2) Easement. The Private Road is intended for year-round vehicular, bicycle and pedestrian ingress and egress between the Units, the Private Road and Sassafras Drive. An easement is granted for such use to the Unit Owners and their employees, customers, guests, invitees, contractors, subcontractors and to the general public for the purposes set forth in this Section. The Association shall have the right to grant easements for the use of the Private Road as it deems necessary in its sole discretion, and to pass any regulation or rule that may limit such use so long as such limitation promotes the orderly and safe use of the Private Road.

(3) Future Dedication of Private Road. The Private Road is private and no dedication to the public shall occur except by agreement between the applicable governmental jurisdiction and the Association. Any dedication of the Private Road to the applicable governmental jurisdiction shall only require the approval by a majority vote of the Unit Owners.

(4) Default Regulations. Unless subsequently modified, expanded or limited by the Association, the following default regulations shall apply to the Private Road:

(a) Speed Limit. The default speed limit on the Private Road shall be twenty five (25) miles per hour.

(b) Parking, Stopping and Standing. There shall be no parking, stopping, or standing allowed on any portion of the Private Road when such parking, stopping, or standing would obstruct traffic. Only temporary parking of less than twelve (12) hours is allowed on any Private Road.

(c) Snow Emergency and Winter Parking. No person shall park a motor vehicle, trailer, or any other moveable equipment on any Private Road if there is a declared snow emergency or between 12:00 midnight and 6:00 a.m., from November 15 to April 1 of each year.

(d) Enforcement. The City of Fitchburg is hereby given the authority to enforce the traffic and parking regulations on the Private Road as set forth in this Section and subsequently adopted by the Association. As used in this Declaration the terms “*City of Fitchburg*” or “*City*” shall mean the City of Fitchburg, Dane County, Wisconsin.

10.3 Stormwater Easement. Each Unit and the Association shall have a perpetual, non-exclusive easement on, over, across and through the Units and the Common Elements for stormwater drainage consistent with any stormwater management plan. It is the intent that this provision be limited to allow for the reasonable stormwater drainage of the Units consistent with natural stormwater drainage patterns.

ARTICLE 11 AMENDMENTS

Except as otherwise provided herein, this Declaration may only be amended by the written consent of sixty-seven percent (67%) of the Unit Owners. No amendment to this Declaration shall be effective until an instrument containing the amendment and stating that the required consents or votes were duly obtained, signed on behalf of the Association, and duly acknowledged or authenticated, is recorded with the Dane County Register of Deeds. For purposes of this provision and Declaration, each Unit shall have one (1) vote. No amendment to the Declaration affecting the status or rights of the Declarant may be adopted without the written consent of Declarant.

ARTICLE 12 NOTICES

12.1 Resident Agent. The initial resident agent and person to receive service of process for the Condominium or the Association shall be the same person named as the Registered Agent of the Association or such other person as may be designated from time to time by the Association, which designation shall be filed with the Wisconsin Department of Financial Institutions. The current resident agent is Fredric DeVillers, 5210 Siggelkow Road, Madison, Wisconsin 53718.

12.2 Notices to Unit Owners. All notices required to be sent to Unit Owners shall be in writing, personally delivered or sent by first class mail to the Unit Owner's address. Said address shall be the address of the Unit owned by the Unit Owner in the Condominium, unless said Unit Owner has provided to the Association, in writing, another address for delivery of notices. For purposes of this Declaration, all time periods with respect to notice shall commence on the date that notice is personally delivered or the date upon which notice is mailed to the Unit Owner. It is acknowledged by all Unit Owners that personal service or mailing shall constitute sufficient notice for the purposes of this Declaration.

ARTICLE 13
GENERAL

13.1 Assignability of Declarant's Rights. The Declarant reserves the right to assign its declarant rights, powers, and obligations by a written record instrument to any other party who assumes such rights, powers, and obligations. Upon the recording of any such assignment, such assigns shall become the "**Declarant**" under this Declaration and shall succeed to all such rights, powers, and obligations. Such amendment needs be signed only by the assignor and the assignee named therein.

13.2 Utilities. Each Unit Owner shall pay for all of its telephone, electrical, gas, and other utility services which shall be separately metered or billed for each user by the respective utility companies.

13.3 Warranties. The Declarant has made no warranty or representation in connection with the Condominium, except as specifically set forth in this Declaration. No person shall rely upon any warranty or representation unless contained in this Declaration.
