

To whom it may concern,

We would like to turn the power on up top of the property at 1839 Cty Hwy MM where the well pump is, so that we can water approximately 6 trees (trees are kept in the black box area on site map). There is a gravel driveway from the road to the building on the property as well as to the top of a hill where we keep the chips, logs, and brush that we haul back from tree removal/pruning jobs. The yellow building to the right of the road entrance view is where we store our heavy machinery for tree work. At the top of the property we store the mulch piles, trees, logs for milling. At the top of the property we also have a burn pile where we burn unusable logs and bad wood. There are usually around 1-5 people there, typically in the morning and the end of the day to retrieve and return work equipment for the day. Maplewood tree care offers emergency services for clients so our work hours do vary, typically from 6:45am-5pm M-F. I am there occasionally on weekends to organize wood, burn when needed, and to perform equipment maintenance. Equipment kept on site is wood chipper, spider lift, two dump trucks, one pick up truck, three trailers, a bobcat, 4wheelers, chainsaws and tools. Burn frequency and size depends on the volume of unusable wood as well as weather conditions. We are very mindful of winds and unfavorable conditions for burning. We typically reach out to Fitchburg fire department for burn permit when needed.

Sincerely,

Jeremy Williams
Maplewood Tree Care

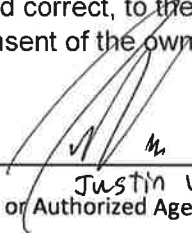

Conditional Use -

Owner or Authorized Agent Acknowledgement

** It is highly recommended that an applicant hold at least one neighborhood meeting prior to submitting a CUP application to identify any concerns or issues of surrounding residents.

PLEASE NOTE - Applicants shall be responsible for legal or outside consultant costs incurred by the City. Submissions shall be made at least four (4) weeks prior to desired plan commission meeting.

By signing below, I certify that the information included with this Conditional Use application is true and correct, to the best of my knowledge. Any agent signing below verifies that he/she has the consent of the owner to file the application.
